JOIN US FOR A WORKSHOP ON NOVEMBER 14TH!

Wednesday, November 14, 2018
5:30pm to 7:30pm (drop-in anytime)
Annunciation Greek Orthodox Cathedral Church
245 Valencia Street - San Francisco, CA 94103

Valencia Street is a vibrant commercial corridor and a major north-south bike route in the city. Working with the community, the SFMTA has developed proposals for near-term curb management (i.e., parking and loading) changes from 15th to 24th streets and a pilot parking-protected bike lane from Market to 15th streets.

Please stop by the workshop anytime from 5:30pm to 7:30pm to share your feedback on the curb management proposals. This workshop will also be an opportunity for community members to preview the parking-protected bike lane design from Market to 15th streets. At this time, pending the SFMTA Board of Directors approval, the bike lanes are anticipated to be installed by the end of January 2019 and curb management changes in spring 2019.

We look forward to seeing you there! For more about this project or to sign up for email updates, please visit SFMTA.com/valencia.
