

Feedback Requested: Proposed Bikeshare Station

About the Proposed Location

- East side of Cambon Dr, south of Felix Ave
- Docks for 18 bikes; sidewalk location converts no parking spaces
- Points of interest: Parkmerced shopping center
- Nearby bike routes: Holloway Ave
- Fulfills the first/last mile gap to the 59 & M MUNI line

About Bay Wheels

Lyft is the owner of the Bay Wheels program. Bay Wheels is the Bay Area's largest bikeshare program, with stations across San Francisco, Berkeley, Oakland, Emeryville, and San Jose. Bikeshare is a fun, affordable way to get around. Bikes can be unlocked from one station and returned to any station in the network. Anyone over 18 can sign up and unlock a bike via the Lyft or Bay Wheels mobile app, the station kiosk, or a linked Clipper card.

Neighbors and community members recommend station locations online and at public meetings, workshops, and presentations. Our planning team also considers a variety of other factors, including station density, demand, access to bike lanes, sunlight, utilities, and more. Learn more at baywheels.com.
