

San Francisco International Airport

NOTICE

March 14, 2022

TO: San Francisco Taxi Drivers

SUBJECT: **TaxiVQ Meeting Cancellation and System Update**

As many taxi drivers will be aware, the TaxiVQ system has been unstable today. The problems are related to an external vendor which supports TaxiVQ. We cannot yet explain the precise cause but the TaxiVQ system is working at this time. Please request entry in the app like normal.

Until we successfully diagnose the problem, it will not be productive to hold the planned outreach meeting tomorrow. The meeting that was scheduled for 12 noon on Tuesday, March 15 is postponed until a future date to be determined.
