Project Extents: Franklin Street from Broadway to Lombard

This proposal establishes no right on red for northbound and westbound movements at Franklin and Broadway, Franklin and Green, and Franklin and Union, to reduce instances of vehicles blocking crosswalks, and potential conflicts between pedestrians and vehicles.

This is part of a larger quick-build project that includes improvements at intersections on Franklin Street between Lombard and Broadway to improve pedestrian and traffic safety including painted safety zones, slow-turn wedges, and advanced stop lines.

Pending project approvals, implementation could begin in late 2022. For more information about the Franklin Street Quick-Build Project, visit [SFMTA.com/FranklinQB](https://sfmta.com/FranklinQB)
