

SAN FRANCISCO
MUNICIPAL TRANSPORTATION AGENCY
BOARD OF DIRECTORS

RESOLUTION No. 221206-112

WHEREAS, Speed is the leading factor in severe and fatal traffic crashes in San Francisco, and slowing speeds is the most effective tool to prevent them; and,

WHEREAS, San Francisco has historically been limited in its authority to reduce speed limits, because speed limits have been set under the California Vehicle Code (CVC) using the 85th percentile methodology, which sets speed limits based on how fast most drivers are traveling; and,

WHEREAS, CVC section 22358.9 authorizes local agencies to reduce speed limits from 25 miles per hour to 20 miles per hour in Business Activity Districts that contain a maximum of four traffic lanes, which are “that portion of a highway and the property contiguous thereto that includes central or neighborhood downtowns, urban villages, or zoning designations that prioritize commercial land uses at the downtown or neighborhood scale”, and where three of the following conditions are met: (1) where the majority of the properties fronting the corridor are retail or commercial dining establishments that open onto the street (or are located in the street), (2) that the corridor provides on-street parking, (3) traffic is controlled using signals or signs within specified distances; and (4) marked crosswalks are not controlled by a traffic control device; (CVC § 22358.9(b)), and,

WHEREAS, The Traffic Engineer has determined that the following 10 corridors are Business Activity Districts as defined in Vehicle Code section 22358.9(b), have a current speed limit of 25 mph and have a maximum of four traffic lanes, and recommends the following speed limit modifications:

A. REDUCE – FROM 25MPH TO 20MPH SPEED LIMIT

- 2nd Street, between Market Street and Folsom Street (District 6)
- 16th Street, between Guerrero Street and South Van Ness Avenue (District 9)

- Fremont Street, between Market Street and Folsom Street (District 6)
- Mission Street, between 1st Street and 3rd Street (District 6)
- Mission Street, between The Embarcadero and Beale Street (District 6)
- New Montgomery Street, between Market Street and Howard Street (District 6)
- Spear Street, between Market Street and Howard Street (District 6)
- Steuart Street, between Market Street and Howard Street (District 3 and District 6)

WHEREAS, The proposed speed limit reductions in those 10 corridors support Vision Zero’s commitment to slow speeds to reduce traffic crashes; and,

WHEREAS, The public has been notified about the proposed modifications and has been given the opportunity to comment on these modifications through the public hearing process; and,

WHEREAS, The proposed speed limit reductions are subject to the California Environmental Quality Act (CEQA); CEQA provides a categorical exemption from environmental review for operation, repair, maintenance, or minor alterations of existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities as defined in Title 14 of the California Code of Regulations Section 15301; and,

WHEREAS, On August 19, 2022, the SFMTA, under authority delegated by the Planning Department, determined that the proposed speed limit reductions are categorically exempt (Case Number 2022-008041ENV) from CEQA, pursuant to Title 14 of the California Code of Regulations Section 15301; and,

WHEREAS, The proposed action is the Approval Action as defined by the S. F. Administrative Code Chapter 31; and,

WHEREAS, A copy of the CEQA determination is on file with the Secretary to the SFMTA Board of Directors, and may be found in the records of the Planning Department by Case Number at <https://sfplanninggis.org/pim/> or 49 South Van Ness Avenue, Suite 1400 in San Francisco, and are incorporated herein by reference; and, now, therefore be it
