

# Summer Intern Program in Transportation Planning

In the Streets, Transit, TAMS, FIT, CSO Divisions of the San Francisco Municipal Transportation Agency

APPLICATIONS DUE JANUARY 15, 2024

## *Who are our teams?*

**Streets Division** - Responsible for the city's street, transit, bicycle, and pedestrian infrastructure. The Livable Streets team implements short/mid-range bicycle pedestrian, and traffic calming safety projects. Curb Management manages demand-responsive pricing for meters, parking & curb regulations, & parking permits. Transportation Planning manages long-range bicycle, pedestrian, and major corridor planning as well as SFMTA sustainability initiatives, environmental review and land-use development transportation integration.

**Transit Division** - Plans & operates San Francisco's transit system (bus, rail, trolley, cable car, and streetcar). Within the Transit Division, opportunities include short- and long-range service planning, street design improvements to reduce transit delay, transit performance monitoring, managing transit technology systems, and planning for special events and construction.

**Taxis, Access & Mobility Services (TAMS)** - Within TAMS, the Accessible Services team evaluates transportation projects for accessibility & develops programs for seniors & people with disabilities. The Taxis & Mobility Services team regulates the taxi industry & oversees citywide bikeshare and scooter programs, commuter shuttles, including permitting & setting standards for emerging mobility trip and telemetry data.

**Finance and IT Division (FIT)** - The Asset Management and Funding Strategy and Programs teams are responsible for supporting funding applications, soliciting project proposals from across the agency, conducting policy research.

**Office of the Chief Strategy Officer (CSO)** - Responsible for projects that advance agency-wide strategy execution, improve major program design and management, and enhance business process.

## *How do you apply?*

Apply at:

[5380 Planning Intern \(Level 1\)](#)

[5381 Planning Intern \(Level 2\)](#)

For more info, go to:

[SFMTA.com/StreetsInternship](https://sfmta.com/StreetsInternship)

or email [internships@sfmta.com](mailto:internships@sfmta.com)

## *What do our job levels mean?*

Internship positions are based on previous experience. Levels are:

**Level 1 (5380)** - Undergraduates with no prior planning experience

**Level 2 (5381)** - Current graduate students or undergrads with prior planning experience

## *Who can apply?*

Students returning to school in Fall 2024 or who graduate within 6 months of Spring 2024. Applicants must be pursuing a degree in Urban Planning, Transportation, Transportation Engineering, Public Administration, Architecture, Landscape Architecture, Geography, Urban Studies, Historical Preservation, Environmental Studies, or a related field.
