CONSTRUCTION WORK AND OTHER UPDATES

UPDATE: L Taraval Improvement Project—Segment B

The L Taraval Improvement Project is a multi-agency collaboration to improve safety, accessibility, and transit reliability, and to rehabilitate aging rails, utility lines and roadway pavement along the L Taraval line between Sunset Boulevard and 15th Avenue and on Ulloa Street near West Portal.

Infrastructure replacement work on sewer and water lines are mostly completed. Track installation is complete. Construction of accessible curb ramps and handrails, barriers and pavers that are part of the boarding islands continues.

Street base work is expected to continue until Friday, May 8. During street-base work, the block will be closed between 7 a.m. and 7 p.m. for cement pouring and curing on one side of the street at a time. Parking will be removed on both sides of the street and traffic detoured around the area. Parking and road restriction will be in place and released once the cement cures at the end of the day.

Starting on Monday, May 6, both repaving work for the entire corridor and the [special track work at 46th Avenue](#) is expected to begin. Buses will be rerouted around the area.
