

We'd like to hear from you about weekend median parking on Dolores Street.

The Dolores Street Median Pilot Project went into effect in April 2017. The SFMTA is seeking feedback from the Mission Dolores community on the pilot's progress thus far.

The SFMTA will host a community meeting to report on data collected during the first quarter of the pilot (April - July 2017) and solicit feedback from community stakeholders on the successes and weaknesses of the pilot to date.

Meeting details:

- **Location:** 455 Dolores Street, Dolores Park Church
- **Date:** Tuesday, July 25, 2017
- **Time:** 6:30 - 8PM

The meeting room is accessible by elevator.

Background

The Dolores Median Parking Pilot permits parking alongside Dolores Street medians between 14th Street and 18th Street for certain periods of time on Friday, Saturday and Sunday.

The pilot is approved for a 16-month duration and is expected to run until August 2018. For more information on the project, visit www.sfmta.com/medianparking.
