December 2017 Joint Report Projections Are Similar to Last Year's

Short term fiscal picture similar to one year ago

- No recession projected. Revenue growth rate slowing; some declines
- Constraints to growth: housing, transportation

Medium to long term concerns

- Growing employee costs for pension and health
- Cost shift from state for IHSS (In Home Supportive Services)
- Growing cost of baselines and set asides

Areas of uncertainty and risk

- Economic cycle: 8.5 year duration of current economic expansion is third longest since 1945
- Federal risks: tax reform, Affordable Care Act, and budget

Revenue Growth in Near Term Tapers Off

	FY 17-18 (\$m)	FY 18-19	FY 19-20	FY 20-21	FY 21-22
Property Tax	1,614	3%	4%	4%	3%
Business Taxes	800	10%	3%	2%	1%
Sales Tax	192	2%	1%	1%	1%
Hotel Room Tax	365	6%	3%	3%	2%
Utility Users Tax	100	2%	1%	1%	1%
Parking Tax	84	0%	0%	0%	0%

Expenditure Growth is Driven by Personnel Costs, Which Have Grown at Twice the Rate of Inflation During the Past Decade

- In FY 17-18, pension payments accounted for 7% of General Fund expenditures – up from 2.5% in FY 07-08.
- Major cost drivers include:
 - Past investment performance below target
 - Changes in retiree longevity
 - Supplemental COLAs
