CONSTRUCTION WORK AND OTHER UPDATES

UPDATE: Van Ness Improvement Project

8 p.m., Friday, Nov. 13 to 7 a.m., Saturday, Nov. 14: Crews are scheduled to work on traffic improvements, remaining sewer work, overhead power installations, light pole setting and related work on Van Ness between Mission and Bay streets.

Work that requires reducing Van Ness Avenue to one lane in each direction will be limited to nighttime hours. Construction scheduling is subject to change due to weather delays or unexpected field conditions.

For more project details and the latest construction updates, visit [SFMTA.com/VanNess](https://sfmta.com/VanNess).

UPDATE: L Taraval Improvement Project

On Saturday, Nov. 14, from 8 a.m. to 5 p.m., street restoration work will take place at these intersections along Taraval Street:

- 37th Avenue
- 38th Avenue
- 39th Avenue
- 44th Avenue
- 45th Avenue

Since Tuesday, Nov. 10, track replacement work begun at the intersection of 46th Avenue and Taraval Street. For the track replacement work, the intersection of 46th Avenue and Taraval Street is closed to vehicular traffic at all hours until the work is complete, approximately for one month. Signage is in place to alert drivers to detour before they approach the intersection.

Some parking will be temporarily restricted in construction zones and traffic lanes will be modified during active work.

Since Aug. 2019, the traffic pattern on lower Great Highway between Ulloa and Santiago streets has been changed. The northbound travel lane on lower Great Highway has been rerouted to 48th Avenue for two blocks between Ulloa and Santiago streets. The southbound travel lane will continue on lower Great Highway as usual. This will be in effect until project completion in fall 2021. For project details, visit [SFMTA.com/LTaraval Project](https://www.sfmta.com/LTaravalProject).

ONGOING: 19th Avenue (CA Route 1) Combined City Project

San Francisco Public Works is leading a multi-agency project to replace aging infrastructure and improve safety along 19th Avenue between Holloway Avenue and Lincoln Way.

As part of the [19th Avenue Combined City Project](#), the SFMTA will implement transit priority and safety improvements for people walking along the route of the 28 19th Avenue. The improvements will make it safer to walk, remove stops to make transit service more reliable, and enhance customers' experiences—on and off the bus.

To improve safety along 19th Avenue, the SFMTA will: **1)** install pedestrian bulbs at 19 intersections and transit bulbs at 13 intersections; **2)** modify traffic and pedestrian signals to give people who walk more time to cross the street; and **3)** extend the bus zone at one intersection. Installing transit bulbs allow Muni vehicles to stop for passengers without having to pull out of traffic, and pedestrian bulbs increase the visibility at intersections of people who walk.

ONGOING: 19th Avenue (CA Route 1) Combined City Project *continued*

As part of the project, seven Muni stops were removed on 19th Avenue between Irving Street and Ocean Avenue on Oct. 17. **The following Muni routes have been affected with the stop removal:**

- **28 19th Avenue**
- **91 3rd Street/19th Avenue Owl**

To find additional information about the transit reliability and pedestrian safety components, visit sfmta.com/28Rapid. For overall project information, visit sfpublicworks.org/19th-Avenue.

ONGOING: Parking Meters Pilot

Beginning Monday, Nov. 9, the SFMTA will test a pay-by-license-plate system at existing parking meters on Indiana Street in the Dogpatch area. Drivers who pay at the meter will enter their license plate number instead of their parking space number. This system allows drivers to pay at any meter on the block, even if it is across the street. It is hoped that the new system can allow the City to save money by streamlining enforcement and reducing the amount of infrastructure needed on the streets. For additional program details visit www.sfmta.com/dogpatch_parking_meter.

ONGOING: Shared Spaces Program

The city's multi-agency [Shared Spaces](#) program opened some parts of streets in San Francisco to create public space for outdoor dining, retail and physical distancing. The program allows the use of sidewalks, full or partial streets, or other nearby public spaces like parks and plazas for restaurant pick-up and other neighborhood retail activity, as allowed by San Francisco's Public Health Order. For details, locations and updates on street closures related to Shared Spaces visit SFMTA.com/SharedSpaces.

ONGOING: Essential Trip Card Discount Program

The SFMTA's temporary special program, [Essential Trip Card](#) (ETC) Program, will assist people with disabilities and older adults to make essential trips under Muni's temporary transit changes. The program provides two to three round trips at an 80% discount per month, i.e. rider pays \$6 to receive a value of \$30 or pays \$12 to receive a \$60 value. The discount is limited to a value of \$60 taxi service per month per customer.

ONGOING: Essential Trip Card Discount Program *continued*

To qualify for the program: customer must be either age 65 or older or an adult with disabilities. Eligible adults may apply for the ETC program by calling 311 and mentioning the program. Staff will be available between 9 a.m. and 4:45 p.m., Monday through Friday. Visit <https://www.sfmta.com/etc> for additional details and for a list of San Francisco taxi companies, visit <https://www.sfmta.com/taxi/directory>.

SFMTA's pre-existing Shop-a-Round program that offers registered seniors and people with disabilities personalized assistance and rides to and from grocery stores and farmers markets is still available and will continue post public health order. For more information, visit <https://www.sfmta.com/shop-round>.
