October 29, 2020

To: Residents  
10 Short Street  
SAN FRANCISCO, CA 94114

Dear Property Owner or Residents of 10 Short Street:

We hope this letter finds you safe and healthy.

The SFMTA has recommended restricting parking in front of the driveway of 10 Short in order to improve traffic safety and visibility between eastbound and westbound vehicles on Short Street.

Although this red zone installation does not require public outreach per San Francisco Transportation Code Division II, we plan to bring this item to a future Virtual Public Hearing in early 2021 for public input. We will post Public Hearing flyers near your neighborhood with the future Public Hearing date at least 10 days prior to the Public Hearing.

If you have any questions concerning your request, please contact Alvin Lam of my staff at 415-646-2394.

Sincerely,

Thomas Folks  
Senior Engineer

October 29<sup>th</sup>, 2020

To: Torr Melling, [REDACTED]

Dear Mr. Melling,

Thank you for your request for additional parking restrictions to improve visibility when driving on Short Street between Market and Yukon Streets. We share your concern with traffic safety and recently conducted an investigation into restricting parking in this area.

Based upon our investigation, we have recommended restricting parking across the driveway of 10 Short Street in order to improve visibility between eastbound and westbound vehicles. This recommendation is being presented to other City agencies for approval. If approved, we will bring this item to a public hearing, where residents will have the opportunity to comment in support or opposition of the proposed change. If approved after the public hearing, a work order will be sent to our Sign Shop to install the NO PARKING ANYTIME sign and will be completed as soon as scheduling permits.

We appreciate your interest in traffic safety. If you have any questions concerning your request, please contact Alvin Lam of my staff at 415-646-2394.

Sincerely,

Thomas Folks  
Senior Engineer
