## PROJECT AREA MAP

## BATTERY/SANSOME QUICK-BUILD PROJECT

The Battery/Sansome Quick-Build Project aims to improve and provide a protected northbound and southbound bike connection to and from the Financial District. Project elements include the following on Battery Street:

- A two-way protected bikeway on Battery Street
- Travel lane reduction
- Left turn restrictions at Broadway and California Street
- Reallocating of parking and loading spaces
- Pedestrian safety improvements

Protected bikeways are not being proposed on Sansome Street, but pedestrian safety improvements such as daylighting, advanced limit lines, upgrading crosswalks and upgrading signal lens to larger size are being considered for the corridor.

Pending project approvals, implementation is anticipated to begin in Fall 2022. For general project information and updates, we invite you to visit [SFMTA.com/BatterySansomeQB](https://www.sfmta.com/BatterySansomeQB).
