To ensure the safety of the public, a permit is required for any contractors that are planning to work within 10 feet of the overhead wires. Please reach out to the project team with any questions: LTaravalProject@SFMTA.com or 415.646.2379.

Changes on some Muni routes *continued*

- **Relieving crowding in advance of the school year**

In recent months, some of the busiest routes were so crowded that they were too full to accept more riders. This forced Muni buses to pass up waiting riders – especially during morning commute times. To avoid pass-ups, the SFMTA will make a few changes as the school year approaches, including:

 - [48 Quintara-24th Street](#) and [28R 19th Avenue Rapid](#): More buses in the morning.
 - [9 San Bruno](#): More room for riders on weekends.
 - [1 California](#): New schedule to reduce crowding on the route’s busiest stretch.
- **Making trips safer and more reliable through planned transit and safety projects**
 - The SFMTA is also making changes that will complete transit and safety projects and changing some stops and routes to enhance traffic safety, decrease travel times and improve reliability.

For additional service details and impacted routes, visit our [latest service changes blog](#) ([SFMTA.com/ServiceChanges](https://www.sfmta.com/ServiceChanges)).
