

Fuel Price Data Guide

October 25, 2013

1 Introduction

This dataset provides fuel price data for the county of San Francisco. This document provides critical information regarding the availability and use of this dataset.

This data is made available by the Energy Information Administration's Independent Statistics and Analysis (<http://www.eia.gov>).

1.1 Timeline

The dataset includes a record for each week between June 5th, 2000 and June 10th, 2013.

1.2 Availability of Data

The dataset is a single Excel worksheet. A data dictionary defining key elements of the data is listed in section 2.2 of this document. For all data requests and related inquiries, please contact info@sfpark.org and put "SFpark evaluation data request" in the subject line.

The file name, format and size are as follows:

- File name: SFpark_ExogenousData_FuelPrice_19902013.xls
- File format: Microsoft Excel 97 – 2003 Worksheet
- File size: 67 KB

2 Overview

2.1 Summary of Contents

Each record indicates the week's average retail price of gasoline.
