SLOW STREETS IN VISITACION VALLEY: OUTREACH SUMMARY

About Slow Streets and Phase 4 Outreach

The Slow Streets team began outreach activities in early November 2020 to gather community feedback on additional Slow Streets throughout San Francisco. The seven focus neighborhoods from this phase of the Slow Streets program are areas where the team had not heard a lot of community feedback in previous phases. This phase of the program focused on ensuring that Slow Streets could reach underserved communities to create an accessible citywide network.

During the outreach process, the team initiated a number of outreach activities to disseminate information about the program and to promote the proposal of corridors in each neighborhood that was recommended to become a Slow Street. Here is a summary of the activities completed:

- Launched a neighborhood specific survey to gather community feedback on proposed Slow Streets in Visitacion Valley
- Held four virtual office hours to talk to members of the community
- Engaged with neighborhood and community group representatives to discuss Slow Streets
- Mailed postcards to residents located along a proposed Slow Street
- Posted posters along the proposed corridors and at key community points of interest
- Worked with District Supervisor's offices to promote the proposal

Summary of Feedback

During the outreach process, a survey was launched to gather community feedback on our Slow Streets in Visitacion Valley. **Below is a summary of what we heard from the community:**

There were a total of

49

respondents to Slow Streets in the Visitacion Valley Survey

Of the respondents

52%

support expanding Slow Streets in Visitacion Valley

71%
of respondents

have heard or knew about the Slow Streets program prior to seeing the Slow Streets Visitacion Valley proposal or taking the survey

Vehicle Access to the Street was the primary reason respondents who did not support or were unsure about expanding Slow Streets in Visitacion Valley
