

CITY and COUNTY of SAN FRANCISCO
SAN FRANCISCO MUNICIPAL TRANSPORTATION AGENCY
ORDER NO. 5310
FOR PUBLIC HEARING

The Sustainable Streets Division of the San Francisco Municipal Transportation Agency (SFMTA) will hold a public hearing on Friday, August 22, 2014 at 10:00 AM, in Room 416 (Hearing Room 4), City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102, to consider the following parking and traffic changes on Van Ness Avenue as part of the Van Ness Bus Rapid Transit Project:

The Van Ness Bus Rapid Transit (BRT) project is a package of transit and pedestrian safety improvements. To implement the full benefits of the project, sidewalk and roadway reconfigurations will be necessary, including proposed parking changes and left turn restrictions.

The SFMTA is taking the required legislation to public hearing. Parking is proposed to be removed to accommodate the BRT design elements such as center boarding islands and pedestrian bulbs. Most left turns are proposed to be removed to facilitate better traffic flow and reduce delays to transit and traffic, and also to minimize the removal of parking by eliminating left turn lanes.

The following items have been environmentally cleared by the Van Ness Bus Rapid Transit Project Final Environmental Impact Statement/Environmental Impact Report, which was certified by the SFCTA Board through Resolution No.14-18 on September 13, 2013:
