PROJECT AT A GLANCE

RELIABILITY

REDUCED MODAL CONFLICTS

which will improve pedestrian safety and Muni reliability

AMENITIES

STREETSCAPE AMENITIES

like pedestrian lighting and landscaping enhance the pedestrian environment

SAFETY

PEDESTRIAN BULBOUTS

increase pedestrian visibility and shorten crossing distances

As part of Muni Forward, the SFMTA is proposing pedestrian safety and Muni reliability improvements to the 33 Stanyan. Proposed improvements include:

- Re-routing the 33 Stanyan and associated overhead wire infrastructure from Mission St to Guerrero St between 16th and 18th Streets
- Enhancing the local environment with new streetscape amenities
- Improving safety with new pedestrian bulbouts
- Based on community feedback, adding new transit stops
