DESCRIPTION

Vehicle Weight Restrictions on Certain Streets Updates

Section 501 of the San Francisco Transportation Code establishes various vehicle weight restrictions on certain streets. This resolution amends the Transportation Code to update street names, consolidate overlapping street segments, and remove an expired weight restriction in Section 501(d)(8). No change to any existing vehicle weight restriction on any street is proposed in this legislation.

Speed Limit Updates

Section 702 of the San Francisco Transportation Code establishes various speed limits on certain streets. This resolution would update the Transportation Code to reflect various speed limit changes that the SFMTA Board has already approved by Resolution. These changes include the following:

1. 8th Street, between Market Street and Townsend Street, changed speed limit from 30 MPH to 25 MPH (Resolution 12-084)
2. Bryant Street, between The Embarcadero and 10th Street, changed speed limit from 30 MPH to 25 MPH (Resolution 11-117)
3. Folsom Street, between 13th Street and The Embarcadero, changed speed limit from 30 MPH to 25 MPH (Resolution 11-076)
4. Harrison Street, between The Embarcadero and 13th Street, changed speed limit from 30 MPH to 25 MPH (Resolution 11-117)
5. Howard Street, between The Embarcadero and 13th Street, changed speed limit from 30 MPH to 25 MPH (Resolution 11-076)
6. John Muir Drive, between Skyline Boulevard and a point 2,500 feet southeasterly, changed speed limit from 35 MPH to 30 MPH (Resolution 11-124)

PAGE 3.

7. Broadway Tunnel, changed speed limit from 40 MPH to 35 MPH (Resolution 11-117)
8. John Muir Drive between the County Line and a point approximately 3,300 feet northwesterly, changed speed limit from 45 MPH to 40 MPH (Resolution 11-124).
9. Winston Drive, between Buckingham Way and Lake Merced Boulevard, change speed limit from 25MPH to 30MPH (Resolution 12-084).

Special On-Street Parking Permit Restrictions Updates

Section 801 of the San Francisco Transportation Code establishes various special on-street parking permit areas where the SFMTA has restricted parking to only designated vehicles. This resolution updates the Transportation Code to reflect parking restrictions for:

1. The Civic Center Farmer's Market in the Hyde and Fulton Street area. Parking restrictions are updated to include Fridays and remove street segments that were previously rescinded. On-street parking regulations for this permit area are already in effect.
2. Lech Walesa Street. The San Francisco Department of Public Health re-assessed their permit parking needs on Lech Walesa and indicated to SFMTA that they no longer needed certain on-street permit parking areas. The permit parking for these areas was then rescinded following a public hearing and replaced with parking meters.

ALTERNATIVES CONSIDERED

As an alternative, no changes can be made to the Transportation Code; however, this is not recommended because the speed limit changes are necessary for compliance with State laws to allow radar enforcement of the speed limit. The other changes are recommended for clarity, internal consistency, and to fulfill public requests.

CEQA/ENVIRONMENTAL REVIEW

All parking and speed limit changes included in the Transportation Code Division II resolution were determined to be exempt from environmental review prior to the public hearing at which they were approved by the SFMTA Board of Directors as part of its consent calendar. All items, except the speed limit change on Winston Drive, were determined to be categorically exempt from environmental review as Class 1(c)(9) changes because they did not establish a higher speed limit or result in more than a negligible increase in the use of the street. The Winston Drive speed limit increase was determined to be environmentally exempt by the Planning Department under Class 1(c) on March 27, 2012. Please see the attached PDF document.

OTHER APPROVALS RECEIVED OR STILL REQUIRED

All of the parking and speed limit changes included in the Transportation Code Division II resolution were approved at public hearings held by the SFMTA prior to approval by the SFMTA Board of Directors, as is the case with all parking and traffic changes typically considered under the Board's consent calendar.

The City Attorney has reviewed this calendar item.
