

# Mission Bay Meters

February 2017

The SFMTA has managed parking in Mission Bay for more than a decade. Per Board of Supervisors legislation passed in 2003, meters have been installed as streets, blocks and construction have been completed. More meters will be installed in late 2016 and early 2017.

This map depicts newly metered blockfaces (sides of street) that will appear in Mission Bay over the coming years. The map includes planned and future streets that may not have been constructed yet, and may not accurately reflect changing conditions in the area. Map information may be subject to revision. Non-metered legislation was verified in Google Streetview as of April 2017.

## Legend

— = existing | ..... = under construction/to be implemented

### New Metered Regulations

- Meters installed
- ..... To be completed Winter 2016-17
- ..... Upon completion of construction
- ..... To be legislated

### Other Regulations

- General time limited parking
- Private streets
- ..... Private streets under construction
- No parking any time
