WHEREAS, On May 7, 2013, the SFMTA Board of Directors in Resolution 13-054, re-adopted the 2009 Bicycle Plan, re-approved the traffic changes approved in Resolution 09-106, and adopted modified findings, including a statement of overriding considerations and a mitigation monitoring and reporting program pursuant to CEQA, a copy of which is on file with the Secretary to the SFMTA Board of Directors and is incorporated into this Resolution by reference; and,

WHEREAS, On May 15, 2013, the Planning Department issued an Addendum to the FEIR (Addendum) for the Point Lobos Avenue Eastern Extension (Project 7-3: Modified Project), a copy of which is on file with the Secretary to the SFMTA Board of Directors and is incorporated into this Resolution by reference; and,

WHEREAS, On March 4, 2014, the Planning Department issued a Note to File which concluded that the proposed changes would not cause new significant impacts not identified in the FEIR or result in a substantial increase in the severity of previously identified significant impacts, and no new mitigation measures would be necessary to reduce significant impacts, a copy of which is on file with the Secretary to the SFMTA Board of Directors and is incorporated into this Resolution by reference; and,

WHEREAS, The public has been notified about the proposed modifications and has been given the opportunity to comment on those modifications on March 21, 2014, through the SFMTA's public hearing process; now, therefore, be it

RESOLVED, That in accordance with the actions contemplated herein, the SFMTA Board has reviewed the FEIR, the FEIR Addendum, and the Note to File, and adopts and incorporates by reference as though fully set forth herein the findings, including the statement of overriding considerations and mitigation monitoring and reporting program, adopted by the SFMTA Board of Directors in Resolution No. 13-054 on May 7, 2013, pursuant to CEQA; and, be it

FURTHER RESOLVED, Based upon the SFMTA Board's review of the FEIR, the Addendum to the Final EIR dated May 15, 2013, and the Note to File dated March 4, 2014, the Board further finds that (1) modifications incorporated into the project will not require important revisions to the FEIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; (2) no substantial changes have occurred with respect to the circumstances under which the project will be undertaken which would require major revisions to the FEIR due to the involvement of new environmental effects, or a substantial increase in the severity of effects identified in the FEIR; and (3) no new information of substantial importance to the project has become available which would indicate (a) the project has significant effects not discussed in the FEIR, (b) significant environmental effects will be substantially more severe; (c) mitigation measures or alternatives found not feasible which would reduce one or more significant effects have become feasible; or (d) mitigation measures or alternatives which are considerably different from those in the FEIR would substantially reduce one or more significant effects on the environment; and, be it

FURTHER RESOLVED, That the San Francisco Municipal Transportation Agency Board of Directors approves the bicycle modifications on Point Lobos Avenue and on 43<sup>rd</sup> Avenue as indicated in items A and B above.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of May 6, 2014.
