Commuter Shuttle Program Update

February 2, 2016
SFMTA Board of Directors

Commuter Shuttle Program Update

- Pilot authorization ended 1/31
- BOS hearing on CEQA appeal of Program 2/9
- If necessary, staff to bring MTAB a Modified Program
 - Key issues:
 - Maximum # designated stops
 - Duration of program
 - If MTAB approves, Modified Program begins 3/18

Interim approach

- Shuttle operators to continue per conditions of Pilot, and comply with service disruption plans and labor harmony
- PCOs to continue enforcement procedures in pilot zones
