Map of Project Area

Pilot Goals

1. Increase clarity/understanding of median parking regulations, e.g. when it is permitted and when it isn't
2. Ensure median parking is available to all potential users, regardless of affiliation
3. Ensure median parking regulations are consistently and fairly enforced
4. Increase visibility and safety for road users along Dolores Street

Pilot Implementation

If SFMTA Board approves traffic modifications associated with pilot, pilot will involve:

1. Signage installation (Feb/March 2017)
2. Ongoing enforcement efforts
3. Quarterly stakeholder committee
4. Ongoing evaluation and monitoring

Evaluation

Success of pilot will be evaluated based on its ability to:

- Reduce/eliminate median parking after dark
- Eliminate parking in red-curb areas of medians
- Eliminate parking between medians
- Improve emergency response times and/or access within area
- Ensure compliance with posted permitted parking hours
