INTRODUCTION – APPRENTICESHIP SF

Why Apprenticeships?

- Employment Opportunity
 - By entering a Union trade/craft women, youth, and other workers have an opportunity to gain valuable skills and employment that can change their lives with deep personal and economic empowerment.
- Workforce Planning – Stable Pipeline of Skilled Workers
 - Not surprisingly, employee retention is a top concern for City departments that compete in the tightening market for skilled workers.

Effective Apprenticeship Programs

- State Division of Apprenticeship Standards approval
 - Apprentices not only learn occupational skills in the classroom, their learning is expanded to include hands-on, paid, on-the-job training! Students learn and practice all phases of the trade/occupation in real-world applications. The program must be registered with the California Division of Apprenticeship Standards (DAS).
- Enforceable City agreements
 - All of the apprenticeship programs that are hosted or sponsored by the SFMTA or the City are included in the current MOU's with the appropriate Union.

WHY CENTRALIZED PROGRAM?

❖ Charter Requirements

- ❖ Apprentices are appointed Permanent Exempt, project-based, with an up or out direction. Apprentices are expected to progress through the program towards completion at a predetermined pace over the course of the approved duration per the Apprenticeship Standards.

❖ One Employer

- ❖ Apprentices are hired by the SFMTA or the City, not by a division or department.

❖ Labor Negotiations

- ❖ The Apprentice wages, hours, and working conditions are negotiated with the Union and approved by the SFMTA or the City and the City Attorney as to form and accepted by the Board of Supervisors.
