

Broadway Safety Improvement Project

from Steiner Street to Polk Street

The goal of the Broadway Safety Improvement Project is to improve safety and comfort for all who walk, bike, drive, live or travel to school on the corridor.

The SFMTA is holding this Open House to share conceptual designs with the community for input. Your feedback will be used to refine the design and determine next steps. Please join us for this exciting opportunity to improve Broadway for all who use the street.

Thursday, May 10, 2018 | 6 PM to 8 PM
(Drop-ins welcome any time)

St. Brigid School – 2250 Franklin St

For questions about the project, please contact project manager Nick Smith at Nick.Smith@sfmta.com.
