5. Report of the Chair (For discussion only)

No report.

6. Public Comment:

Edward Mason provided an update on the corporate commuter buses in Noe Valley. The public was never provided with a top down seating view of what the seating configuration will look like on the LRV4s. Air conditioning (AC) on the New Flyer buses needs to be examined. Many passengers open the windows and render the AC useless because they are unaware that there is AC on the new buses.
