There will no impact on Muni service.

CONSTRUCTION WORK AND OTHER UPDATES

UPDATE: Muni Track Work at Judah Street & 17th Avenue

Since Monday, July 8 and continuing for another two weeks, N Judah track maintenance work is taking place at Judah Street and 18th Avenue. During construction, the N Judah rail service is operating without interruption. While Judah Street remains open, vehicular traffic along 18th Avenue will only be able to make right turns temporarily until work is completed.

Work hours are from 9 a.m. to 3:30 p.m., Monday through Saturday. During construction:

- While measures are being taken to minimize inconvenience, neighbors can expect some noise during demolition.
- To accommodate the construction, four parking spaces, two on each side of Judah Street east of the intersection, has been used as staging areas. They are unavailable for parking 24 hours a day for the duration. Additionally two or three parking spaces on the remaining sides of the street are unavailable during construction hours.
- Crosswalks and sidewalks may be occasionally closed.
- Due to lane closures, slow traffic is expected. All travelers, especially drivers, are encouraged to leave extra time and move carefully through the area.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Van Ness Improvement Project

On Friday, July 19, between the hours of 8 p.m. and 7 a.m., crews are scheduled to conduct water main replacement, sewer and street light conduit work at the following locations:

- Van Ness at Lombard Street
- Van Ness at Greenwich Street
- Van Ness at Filbert Street
- Van Ness at Union Street
- Van Ness at Sacramento Street
- Van Ness at California Street
- Van Ness at Pine Street
- Van Ness at Bush Street
- Van Ness at Sutter Street
- Van Ness at Post Street
- Van Ness at Geary Street
- Van Ness at O'Farrell Street
- Van Ness at Ellis Street
- Van Ness at Eddy Street
- Van Ness at Turk Street
- Van Ness at Golden Gate Avenue
- Van Ness at McAllister Street
- Van Ness at Mission Street (*intensive noise and vibration expected*)

On Sunday, July 21, between the hours of 8 p.m. and 7 a.m., crews are scheduled to conduct sewer work at the following locations:

- Van Ness at Mission Street (*intensive noise and vibration expected*)

Because some work requires reducing Van Ness Avenue to one lane in each direction, some work is limited to nighttime hours. Construction scheduling is subject to change due to weather delays or unexpected field conditions. For more project details and the latest construction updates, visit sfmta.com/vanness.

UPDATE: Third Street Bridge Rehabilitation Project

Night work **started on Monday, June 24**. Construction work is taking place between the hours of 8 p.m. and 7 a.m. Night work is anticipated to continue nightly, Monday through Saturday, **through 7 a.m., Friday October 4**.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Third Street Bridge Rehabilitation Project *continued*

Since Sunday, July 7, crews have begun phase two of the rehabilitation work. Phase two construction work involves travel lane shifts and other adjustments to the roadway and work area. Vehicle and bicycle access via travel lanes across the bridge continue to be available in each direction, northbound and southbound (**except during periods of full temporary bridge closures when the pending scope of work restricts access across the bridge for all vehicle, bicycle and pedestrian traffic**). Pedestrian access is available via the sidewalk along the eastern side of the bridge. Bicycles may also choose to walk their bicycle along the pedestrian sidewalk as an alternative to riding across the bridge via the travel lane. Pedestrian access via the sidewalk along the western side of the bridge may be unavailable during different phases of upcoming work.

To facilitate ongoing rehabilitation activity, a temporary full closure of the bridge will be implemented. All vehicle, bicycle and pedestrian traffic will be restricted. Full temporary bridge closures are only anticipated to be in effect between the following dates:

Upcoming Road Closures

- Thursday, July 25 to Friday, August 2
- Thursday, August 15 to Friday, August 23, 2019

Construction scheduling is subject to change due to rain or other weather delays, equipment breakdown, and/or unforeseen field conditions. Additional periods of short closures may be possible in September and October 2019, if necessary, to complete remaining rehabilitation work. Information will be shared closer to that period should additional closures seem necessary and details are finalized. Updates will be posted to the project webpage.

For details about the project, the latest construction updates and suggested detour routes for pedestrians, bicyclists and vehicles, visit: www.sfpublicworks.org/thirdstreetbridge.

ONGOING: UCSF Mission Bay Arena Platform Project

To facilitate additional work in association with the construction of the new platform, an additional **T Third bus substitution will be in place beginning Saturday, July 27 and will last approximately ten days.** For more information visit www.SFMTA.com/MissionBayPlatform.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

ONGOING: UCSF Mission Bay Arena Platform Project continued

Buses will provide T Third service between Embarcadero and Sunnydale beginning Saturday, July 27 and will continue for approximately ten days in order to accommodate the next phase of construction.

During construction, service on the E Embarcadero will be temporarily suspended. Alternative routes include F Market & Wharves, KT Ingleside/Third and N Judah.

In anticipation of the new Golden State Warriors' arena, the SFMTA is constructing a new 320-foot center platform along 3rd Street between South and 16th streets. The existing platform has been demolished. The new track alignment will include one single and one double crossover to facilitate the movement of vehicles as operations requires. Other associated work includes modification of the overhead contact system, and both above and below ground utility relocation work. Construction will require different phases of work that will necessitate separate transit service plans. For the latest information, visit www.SFMTA.com/MissionBayPlatform.

ONGOING: Construction of Mission Bay Loop

The SFMTA has resumed construction on 18th, 19th and Illinois streets, the project is expected to be completed in summer 2019. Traffic, including travelling by bike, may be affected by the construction work. All work areas will be clearly marked and there will be flaggers to help direct traffic. In order to conduct the work, parking on both sides including along the historical Crane Cove Park fence (east side of Illinois Street) will be removed 24 hours, 7 days a week from 18th to 19th and Illinois streets for the duration of the project.

A partial street closure is currently in effect in order to accommodate duct bank work on Illinois Street between 18th and 19th streets through summer of 2019. Outer traffic lanes traveling both north and south on Illinois Street will remain open for through traffic. Immediately following the duct bank work, the track work will begin.

Local access to properties along the project site will be maintained. For project details or to sign up to receive project updates, visit: <https://www.sfmta.com/missionbayloop>.
