

Townsend Corridor Improvement Project

Townsend Street between 4th Street and 5th Street is under construction! The Townsend Corridor Improvement Project was approved by the San Francisco Municipal Transportation Agency (SFMTA) Board of Directors in November 2018 to create an efficient and safe Townsend Street, where all modes of travel are organized into comfortable and intuitive spaces. Below is a general travel guide during construction. Please follow posted signs for exact details during construction.

Taxis

During construction, taxis will pick up and drop off in front of the Caltrain Station's 4th Street entrance (on 4th Street, west side, south of Townsend Street).

After construction, taxis will pick up and drop off along the sidewalk island (currently being built).
