## SLOW STREETS IN THE INNER SUNSET: OUTREACH SUMMARY

### About Slow Streets and Phase 4 Outreach

The Slow Streets team began outreach activities in early November 2020 to gather community feedback on additional Slow Streets throughout San Francisco. The seven focus neighborhoods from this phase of the Slow Streets program are areas where the team had not heard a lot of community feedback in previous phases. This phase of the program focused on ensuring that Slow Streets could reach underserved communities to create an accessible citywide network.

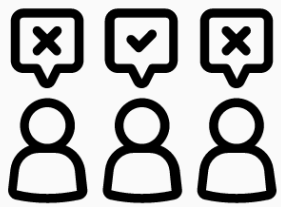

During the outreach process, the team initiated a number of outreach activities to disseminate information about the program and to promote the proposal of corridors in each neighborhood that was recommended to become a Slow Street. Here is a summary of the activities completed:

- Launched a neighborhood specific and a follow-up survey to gather community feedback on proposed Slow Streets in the Inner Sunset
- Held four virtual office hours to talk to members of the community
- Engaged with neighborhood and community group representatives to discuss Slow Streets
- Mailed postcards to residents located along a proposed Slow Street
- Posted posters along the proposed corridors and at key community points of interest
- Worked with District Supervisor's offices to promote the proposal

### Summary of Feedback

Two surveys were launched to gather community feedback on our proposal to expand Slow Streets in the Inner Sunset. **Below is a summary of what we heard from the community (text in [brackets] represent results from the follow-up survey):**

There were a total of

**511 [165]**  
respondents to Slow Streets in the  
Inner Sunset Survey

Of the respondents

**43% [\*47%]**  
support expanding Slow Streets  
in the Inner Sunset

*\*program expansion support/not support data aggregated with initial survey*

**91%**  
of respondents have heard or knew about the Slow Streets program prior to seeing the Slow Streets Inner Sunset proposal or taking the survey

**Vehicle Access to the Street/Other\***  
was the primary reason respondents who did not support or were unsure about expanding Slow Streets to the Inner Sunset

*\*general feedback for other: causes detours and traffic diversions/not necessary*

## Community Feedback to Proposed Slow Streets in the Inner Sunset

## Respondent Relation to the Inner Sunset

## Slow Streets in the Inner Sunset: Recommended Corridors and Next Steps

After reviewing all of the feedback that was shared from residents and community members from the Inner Sunset neighborhood, the Slow Streets team proposes to incorporate the following corridor into the program:

Corridors recommended to become a Slow Street:

- C** 12th Avenue from Lincoln Way to Noriega Street

Timeline for Approval and Implementation:

Internal review with city partner agencies	December 2020 - January 2021
SFMTA Board of Directors approval	February 16, 2021
Additional community outreach	Late February 2021
Implementation of Phase 4	Beginning March 2021
