**Location:** Lyon Street at Fell Street

**Subject:** Bike Share Station

**PROPOSAL / REQUEST:**

ESTABLISH – NO STOPPING EXCEPT BICYCLES  
ESTABLISH – BIKE SHARE STATION

Lyon Street, east side, from 5 feet to 90 feet north of Fell Street (85-foot bike share station)  
(Supervisor District 5)

Proposing to relocate an existing Bay Wheels bike share station to the parking lane on the east side of Lyon Street. This station is being moved because of sewer work in the original location, scheduled to complete in April.

Pallavi Panyam, pallavi.panyam@sfmta.com

**BACKGROUND INFORMATION / COMMENTS**

This is a relocation of a bikeshare station at Central/Fell which needs to be moved for sewer work.

Stations with bicycles are approximately 6 feet long and 4 feet tall with a kiosk approximately 7.8 feet tall and a map panel. Stations will be solar powered via a panel system that extends vertically from the kiosk. No excavation is necessary.

- Not on a street with bicycle facilities
- Not on a street with MUNI service

### PROJECT DESCRIPTION:

The San Francisco Municipal Transportation Agency (SFMTA) proposes to implement a city-wide bicycle sharing system in San Francisco as part of the regional Bay Area Bicycle Share (BABS) system described in detail below. The current regional bicycle share system in San Francisco is a pilot project managed by the Bay Area Air Quality Management District (BAAQMD). The regional BABS system will transfer to the Metropolitan Transportation Commission (MTC) for program oversight at the end of 2015. As part of a BABS pilot project initiated on August 29, 2013, the system operator installed approximately 35 bicycle share stations with input from the SFMTA, comprising 350 bicycles within the public right-of-way, located generally in the northeast section of the City. The proposed project would maintain and upgrade the existing 35 pilot bicycle share stations, and expand the BABS system within San Francisco to comprise a total of approximately 450 stations and 4,500 bicycles across the City and County of San Francisco (San Francisco).

**DETERMINATION:**

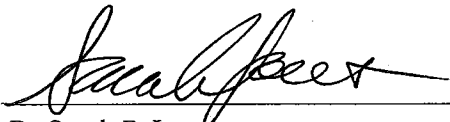

The City and County of San Francisco decided to carry out or approve the project on December 18, 2015. The San Francisco Board of Supervisors (BOS) approved a coordination agreement with the Metropolitan Transportation Commission (MTC), other local partners in the East and South Bay, and the bicycle share operator to carry out the Bay Area Bicycle Share Program, which would be overseen in San Francisco by the San Francisco Municipal Transportation Agency (SFMTA) on December 8, 2015. The agreement was provided to Mayor Lee for his signature and becomes effective upon signing or when ten days have passed. A copy of documents related to this action may be examined at the San Francisco Board of Supervisors, City Hall, 1 Carlton B. Goodlett Place Room 244, San Francisco, CA, 94102 in File Number 151144.

- 1. An Exemption from Environmental Review has been prepared pursuant to the provisions of CEQA under:

- Ministerial (Sec. 21080(b)(1); 15268)
- Declared Emergency (Sec. 21080(b)(3); 15269(a))
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c))
- Categorical Exemption, Class 3, Section 15303
- Statutory Exemption, State code number: \_\_\_\_\_
- Community Plan Exemption (Sec. 21083.3; 15183)

- 2. This project in its approved form has been determined to be exempt from environmental review because it would result in the installation of up to 450 bicycle sharing stations throughout San Francisco, primarily within the public right-of-way and on some parcels. The proposed individual stations are portable, modular, and would be solar and battery powered, and would thus not involve excavation or utility connections. The bicycle sharing station equipment is small in scale and massing relative to surrounding buildings or sites. Bicycle facilities and infrastructure are common sights within the urban environment. There would be no potential for significant environmental impacts at either a project or cumulative level. Therefore, the proposed project would be exempt from environmental review under Class 3.
