Values for the Transportation System

Values for the Transportation System

As of July 19, 2021

Equity: Correction of racial and social inequities and prioritization of those with the most need.

- **Accessibility:** Transportation services and programs that are accessible to all, particularly people with disabilities and older adults, and actively work to eliminate any barriers that limit mobility choices.
- **Safety:** Streets and mobility free from injury and harm.
- **Inclusivity:** Community engagement to understand needs and shape agency priorities.

Economic Vitality: Reliable transportation that support the city and its economic recovery, and a street system that maximizes the movement of people and goods.

- **Service Quality:** Convenient and safe transit and other services that deliver a positive customer experience.
- **Resiliency:** A transportation system prepared for rapid economic, environmental and social change.

Environmental Stewardship: Protection of the environment and improving the quality of life in San Francisco.

- **Livability:** Implementation of the Transit First Policy to make getting around by Muni, walking and biking easy.
- **Climate Action:** Implementation of policies and infrastructure to protect communities and reduce carbon emissions.

Trust: Strengthening the social and cultural connections of the city and building confidence in the agency.

- **Accountability:** Responsible stewardship of public funds through efficient provision of projects and services that meet the needs of the public.
- **Transparency:** Clear communications with the public about the agency data, performance and decision-making processes.

Strategic Goals

Discussion

- **What factors do you think have kept the SFMTA from being successful in the past?**
- **What would you like to see the SFMTA focus on in the next two years?**
