Re: SFMTA CAC Recommendation

Dear Directors:

In our Citizens' Advisory Council meeting on January 6, 2022, the Council considered the following recommendation:

CAC MOTION 220106.02

The SFMTA CAC supports the staff recommendation for Option 3 for the Evans Avenue Quick Build. This option was preferred by the public and provides the most balanced solution to ensure pedestrian and cyclist safety and while preserving the flow of traffic in the area. In the future, the CAC advocates for more protected bicycle infrastructure, signal improvements, street lighting, and better pavement quality for Evans Avenue.

It is the opinion of the SFMTA Citizens' Advisory Council that the proposed recommendation would be of significant benefit to the citizenry of San Francisco and the San Francisco Municipal Transportation Agency.

Sincerely,

For

Michael Chen, Chair
SFMTA Citizens' Advisory Council
