

San Francisco International Airport

NOTICE

March 3, 2022

TO: San Francisco Taxi Drivers
SUBJECT: **Full Internet Services Restored - TaxiVQ**

On March 1st at around 2:30pm, construction crews in South San Francisco severed a key internet fiber conduit, cutting the primary internet feed to SFO and other area businesses. This severely impacted the functioning of TaxiVQ. A replacement internet fiber has been established and stabilized, and TaxiVQ has been stable today. We do not expect further disruptions due to this fiber break.
