

Quarterly Report to SFMTA Bond Oversight Committee

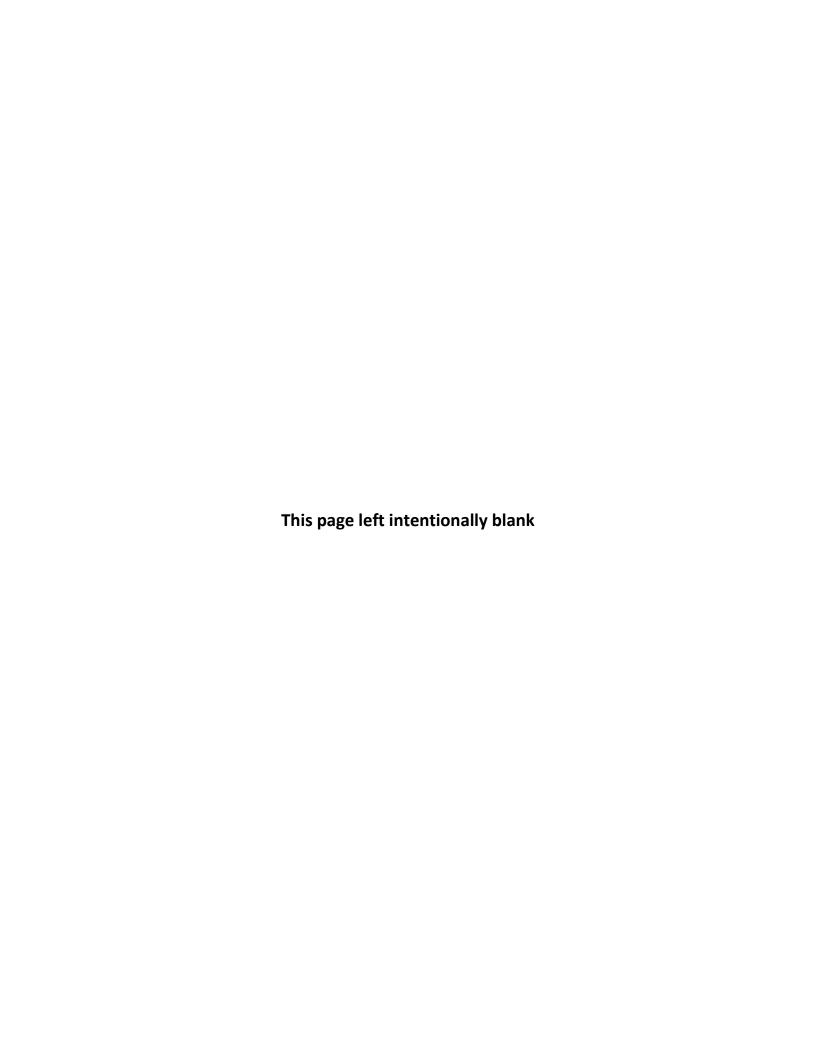

October – December 2013

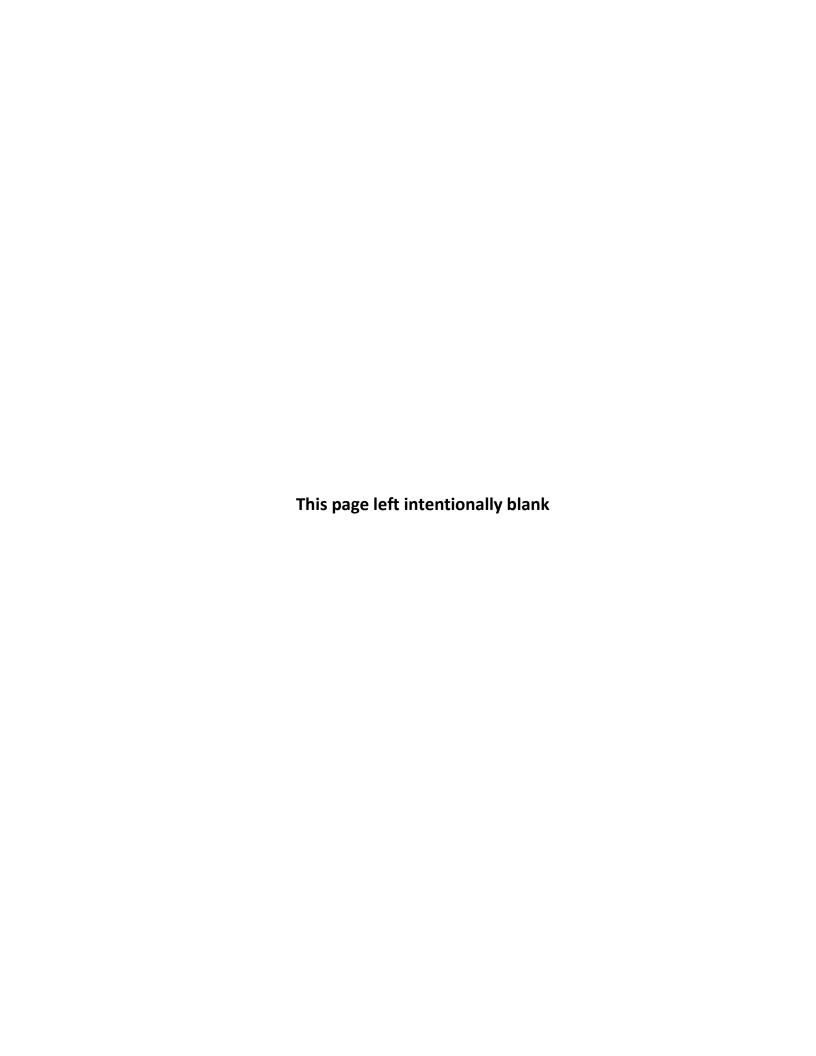

Overview

This Quarterly Report to the SFMTA Bond Oversight Committee covers the period through the second quarter of FY 13/14, which ended on December 31, 2013. The Series 2012B bond issuance was authorized in July 2012 and funds seven SFMTA capital programs for a total of \$25.7 million. Of the \$25.7 million, \$5.0 million is programmed for garage improvement projects and \$20.7 million for asset renewals, to improve accessibility and enhance the reliability of the transit system (safe routes to transit including bicycle, pedestrian and signal improvements). Enclosed are project summary reports as well as budget, expenditure and schedule information for each project. As of December 31, 2013, a total of \$14.5 million in bond funds has been expended and \$3.5 million is encumbered in construction contracts. Expenditures from all funding sources for the projects total \$47.1 million.

Highlights from this quarter are:

- The Muni Metro Turnback (MMT) Rail Rehabilitation projects to replace all worn track in the subway from the Folsom St. rail portal to Embarcadero Station and waterproofing in the tunnel are now complete.
- 2. Bids were received and contract award documents prepared for construction of the Muni Metro Sunset Tunnel Improvements project.
- 3. The installation of the new roof and related equipment at the Green Center light rail maintenance facility and offices is nearing completion. During construction it was found that the life safety smoke hatches were deteriorated and need replacement. The contract will be modified to include this work.
- 4. Construction is continuing under the Green Center Rail Replacement project with rail replaced and concrete poured at the Cameron Beach Yard.
- 5. Under the C3 Integrated Systems Replacement project work continued to install the electrical and communication wiring infrastructure for new communication systems at all subway stations and tunnels.
- 6. MOUs were executed with DPW to waterproof the Performing Arts, Sutter-Stockton, 5th & Mission and Ellis-O'Farrell parking facilities and to undertake ventilation and carbon dioxide monitoring work at Golden Gateway, Japan Center and Sutter-Stockton parking facilities. DPW also issued its seismic evaluation report for 15 parking facilities.

Revenue bonds worth \$150,000,000 were authorized on November 13, 2013. Of these, there was a first issuance of Series 2013A bonds of \$75,000,000 with funds received on December 4, 2013. Reports on Series 2013A bond expenditures will now also be included in the Quarterly Reports. A Bond Expenditure Summary through December 31, 2013 is attached. There were no expenditures through December 31, 2013 and no Project Status Reports are included at this time for these bonds.

PROJECT TITLE & NUMBER: A. Systemwide Transit Access and Reliability Program 1) Van Ness Station Elevator Modernization Project

PROJECT SCOPE:

This project will modernize the two street and platform elevators at Van Ness Station. The modernization effort will include providing new cabs, doors with glass panels, door operators, hydraulics, controllers and cameras for the 2 elevators serving the station. The elevators at Van Ness Station are being prioritized because they have had the most extensive mechanical problems among the Muni-only station elevators and they present the most difficult maintenance challenges. The elevators are frequently out of service due to mechanical problems, making Van Ness Station inaccessible to people with disabilities. The modernization effort will improve the reliability of the elevators and ensure consistent access to the station for people with disabilities. The project scope, schedule and budget will be refined by SFMTA Facilities Maintenance personnel assigned to elevator and escalator maintenance to minimize project overhead.

PROJECT INITIATION:	June 1, 2012	PROJECT MANAGER:	Scott Broder	415-401-3245

ACCOMPLISHMENTS THIS QUARTER:

- Has started revising the Contract Bid Documents to include the Church and Castro Station Elevators.
- Provided project update to SFMTA Citizens' Advisory Council.
- Contacted representatives at the Metropolitan Atlanta Rapid Transit Authority regarding their upgrades to elevators designed to mitigate patron urination in cabs and explore the feasibility of installing a similar urine detection system.

UPCOMING PROJECT MILESTONES: (3 MONTH LOOK-AHEAD)

- Advertise for bids which was delayed due to revisions of the contract document

A. Systemwide Transit Access and Reliability Program -PROJECT TITLE & NUMBER: 2) Franklin Street Bulbouts PROJECT SCOPE: With the approval of the Prop B Roadway and Repaving Bond (Streetscape Bond), the Department of Public Works (DPW) is accelerating its Franklin Street repaving work and, subsequently, is advertising a construction contract in January 2013. This presents an opportunity for SFMTA and DPW to coordinate streets improvements in the corridor. The SFMTA previously prioritized the design and implementation of SFgo infrastructure and pedestrian countdown signal conduits project in coordination with DPW's repaving efforts. The pedestrian bulbout on Franklin Street at Hayes and Turk streets intersections would additionally complement those improvements and would significantly enhance pedestrian access and safety at those intersections.

PROJECT TITLE & NUMBER:	A. Systemwide Transit and Reliability Program - 3) Exploratorium Crosswalk
PROJECT SCOPE:	Straighten north crosswalk to include modification of Muni median boarding platform, curb ramp work, traffic signal modification to remove southbound left turn and realign signals, striping and sign work. Previous alignment of east leg of crosswalk was angled to the north due to a driveway. The Exploratorium removed the driveway. New north crosswalk is aligned to bring pedestrians directly to Exploratorium entrance.

A. Systemwide Transit Access and Reliability -PROJECT TITLE & NUMBER: 4) Balboa Streetscape

PROJECT SCOPE:

Balboa Streetscape Improvements include: 1) Sidewalk bulb-outs with new curb ramps at key intersections. Bulb-outs will be located at southwest and northeast corners of 39th Avenue/Balboa, southeast and northwest corners of 37th Ave/Balboa and the southwest corner of 34th Avenue/Balboa. 2) Gateway element to be installed within sidewalk bulbout at 34th Avenue and 39th Avenue. 3) Traffic and parking layout to be revived on two blocks (34th Avenue to 35th Avenue and 38th Avenue to 39th Avenue. 4) Existing light fixtures to be upgraded for energy efficiency and quality of light. 5) Raised sidewalk planters with cobblestone walls will be added in multiple locations and in accordance with SFDPW sidewalk landscaping guidelines. 6) Sidewalk planters to be planted with low maintenance. Note that MTA is providing \$126,242 transit improvements added to a larger \$2.3M City project with many elements.

CHURCH AND DUBOCE PEDESTRIAN IMPROVEMENTS QUARTERLY PROJECT STATUS REPORT

09/01/2013 THRU 12/31/2013

PROJECT TITLE & NUMBER:	A. Systemwide Transit Access and Reliability Program - Church and Duboce Pedestrian Improvements
PROJECT SCOPE:	To improve access to transit and pedestrian safety at a key transit location, a federal grant matched with revenue bonds is funding a sidewalk bulb at the south eastern corner of the intersection of Market, Church, and 14th Streets, and two traffic-calming sidewalk bulbs on Noe Street between Duboce Avenue and 14th Street.

PROJECT INITIATION: May 16, 2013 PROJECT MANAGER: Cathal Hennessy (415) 701-4548

CURRENT PROJECT PHASE: Construction PROJECT ENGINEER: Robert Lim 415 701-5669

RESIDENT ENGINEER: Jason Hui 415 554-8259

CONTRACTOR:	No contract required; Cit	y forces are performing work.		
CONTRACT AWARD DATE:	June 1, 2013	CONTRACT AWARD VALUE:	\$385,180	
NOTICE TO PROCEED:		MODIFICATIONS TO-DATE:	\$0	
SUBSTANTIAL COMPLETION:	April 30, 2014	TOTAL CONTRACT VALUE:	\$385,180	三
FINAL COMPLETION:	November 30, 2014	% Increase:	0%	

This project is being completed by City Forces. Construction of one bulb on Noe St was completed and the construction of the bulb on Market street has begun.

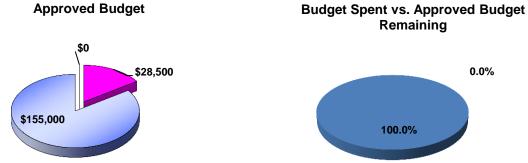

Construction of the second Noe bulb was delayed as neighbors had some additional concerns which required additional design work.

To complete the construction on Market St and address neigborhood inquires about the second bulb.

- A. Systemwide Transit Access and Reliability Program -
- 6) Geary-Gough-Yorke Bulbout

PROJECT SCOPE:

As part of the Department of Public Works' paving of Geary Boulevard, the SFMTA identified the intersection of Geary, Gough, and Peter Yorke as an intersection for needed pedestrian safety improvements. This intersection has one of the longest crossing distances in the city. The scope designs and constructs a large bulbout on the northeast corner of Geary and Gough. It shortens the crossing distance and provides an accessible path of travel for pedestrians traveling west on the north side of Geary, approaching Gough.

PROJECT SCOPE: A. Systemwide Transit Access and Reliability Program 7) Bicycle Parking The SFMTA continually receives bicycle rack requests for approximately 40 locations per month. These requests are for bicycle racks throughout the city with the vast majority of requests for bicycle parking near San Francisco businesses and along transit routes. There is a latent demand for bicycle infrastructure in San Francisco. There would be more people who would ride bicycles if the proper facilities were available to support their trips. Bicycle racks help meet this need by providing a secure parking location at destinations. By providing these facilities, the SFMTA will increase bicycle trips and reduce motor vehicle trips and emissions. SFMTA Revenue bonds will fund procurement of 3,500 bicycle racks and installation of approximately 500 bicycle racks.

PROJECT SCOPE: As part of the Department of Public Works' paving of Gough St, the SFMTA identified four intersections for pedestrian improvements. The intersections of Gough/Turk, Gough/Grove, Gough/Hayes, and Gough/Fell will have pedestrian bulbouts implemented as part of the repaving project. These bulbouts will reduce pedestrian crossing distances and improve pedestrian visibility to drivers.

TRANSIT FIXED GUIDEWAY PROGRAM 10/01/2013 THRU 12/31/2013

PROJECT TITLE & NUMBER:	B. Muni Metro Sunset Tunnel Trackway Improvements (CPT 658.1)
PROJECT SCOPE:	Upgrade and reconstruct aging N-Line railway infrastructure in the Sunset Tunnel, which includes replacing trackwork, overhead contact system components, feeder cables, the curve signal system, and firefighting standpipe components; cleaning drain lines; and adding conduit for a future emergency bluelight telephone system.
	Additional scope has been identified to address the findings from the Tunnel Seismic Vulnerability Study Report dated February 29, 2012. Scope elements include obtaining a geotechnical report evaluating the portal walls for earthquake loading and incorporating any resulting design requirements, such as a foundation retrofit, into the Final Design package.

CAPITAL PROGRAMS & CONSTRUCTION QUARTERLY PROJECT STATUS REPORT

TRANSIT FIXED GUIDEWAY PROGRAM 10/01/2013 THRU 12/31/2013

PROJECT TITLE & NUMBER:	D1. Green Center Rail Replacement (CPTs 681.1; 579.H; 447.Q; 595.9 & 438.5)
PROJECT SCOPE:	Replace worn tracks and switches at the north and south ladder tracks in the Green Center storage yard. Replacement also includes revenue track outside the storage yard, overhead contact systems, and track switch control systems. New boarding islands, with ADA platforms, have been proposed along San Jose Avenue to improve circulation and safety.

PROJECT INITIATION: August 1, 1998 PROJECT MANAGER: Lisa Chow (415) 701-4310

CURRENT PROJECT PHASE: Construction PROJECT ENGINEER: Sandy Ng (415) 701-4231

RESIDENT ENGINEER: Victor Yuen (415) 706-1142

CONTRACTOR:	Proven Comsa JV, 712 Sa	nsome Street, San Francisco, CA	94111	
CONTRACT AWARD DATE:	December 13, 2012	CONTRACT AWARD VALUE:	\$31,197,197	
NOTICE TO PROCEED:	January 15, 2013	MODIFICATIONS TO-DATE:	\$0	<u></u>
SUBSTANTIAL COMPLETION:	January 14, 2017	TOTAL CONTRACT VALUE:	\$31,197,197	黑
FINAL COMPLETION:	January 15, 2018	% Increase:	0%	

ACCOMPLISHMENTS THIS QUARTER:

- Replaced rail and poured concrete track pavement on access tracks and inside Cameron Beach Yard.
- Contractor submitted work plan for work at the north and south ladder inside Cameron Beach Yard.
- Contractor continued to plan to work on the revenue line and construct the high level platform at San Jose Avenue.

UPCOMING PROJECT MILESTONES: (3 MONTH LOOK-AHEAD)

• Complete Phase I work in 365 calendar days after issuance of Notice to Proceed.

PROJECT CHALLENGES / AREAS OF CONCERN:

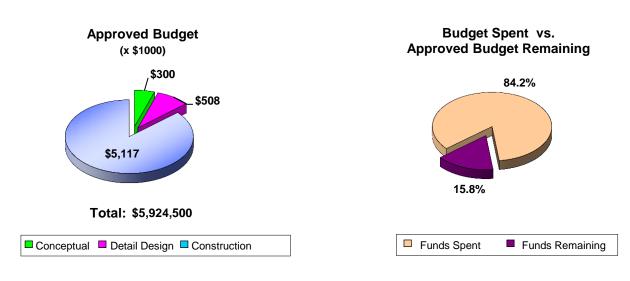

• Contractor will be busy with the work at Cam Beach Yard. The change order to construct high level platform on San Jose Avenue could be delayed until end of March 2014.

PROJECT TITLE & NUMBER: D2. Green Center Roof Rehabilitation (CPT 664.1)

CAPITAL PROGRAMS & CONSTRUCTION QUARTERLY PROJECT STATUS REPORT

FACILITY PROGRAM 10/01/2013 THRU 12/31/2013

PROJECT TITLE & NUMBER: D2. Green Center Roof Rehabilitation (CPT 664.1) Replace the Main Shop Building roof, install new rooftop HVAC equipment, and remove PROJECT SCOPE: abandoned HVAC equipment and associated components.

June 1, 2009 PROJECT MANAGER: (415) 701-5489 PROJECT INITIATION: Kenny Ngan (415) 701-4340 **CURRENT PROJECT PHASE:** Construction PROJECT ENGINEER: Matthew Fong

Victor Yuen (415) 706-1142 RESIDENT ENGINEER:

CONTRACTOR: Pioneer Contractors, Inc., 1485 Armstrong Avenue, San Francisco, CA 94124

CONTRACT AWARD DATE: January 15, 2013 CONTRACT AWARD VALUE: \$4,301,800 **NOTICE TO PROCEED:** April 1, 2013 MODIFICATIONS TO-DATE: \$247,144 (est) SUBSTANTIAL COMPLETION:

August 31, 2014 TOTAL CONTRACT VALUE: \$4,548,944

December 30, 2014 % INCREASE: 5% FINAL COMPLETION:

Completed electrical installation for exhaust fan and make-up heaters.

- Completed the hoisting of the large make-up heaters to the roof.
- Initiated contract modification #2 to replace 15 smoke hatches and extend schedule by six months.

UPCOMING PROJECT MILESTONES: (3 MONTH LOOK-AHEAD)

- Submit calendar item to the SFMTA Board for contract modification approval.
- Procure 15 smoke hatch systems.

PROJECT CHALLENGES / AREAS OF CONCERN:

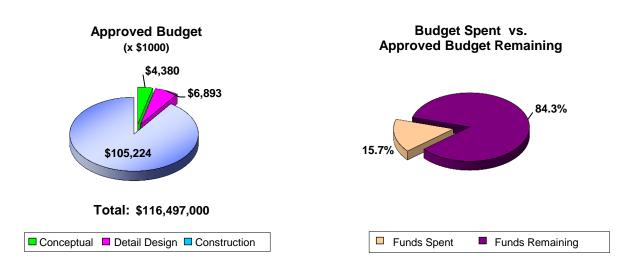

- A total of 15 smoke hatch systems need to be replaced. Because some of the replacement parts have been discontinued and they are showing signs of further deteriorations, it is recommended to replace the entire system. The hatch system will be custom made and a customized interface adaptor will need to be designed by the contractor to fit the hatch system into the existing footprint. The contract will be modified to extend the contract by 183 calendar days at a cost of \$247,144 to perform this work. This contract modification will be presented to the MTA board in February for approval.
- Approved Budget for Construction will be revised to match with the estimated amount for completion.

PROJECT TITLE & NUMBER: E. Muni System Radio System Replacement (CPT 535.1)

COMMUNICATIONS / IT PROGRAM 10/01/2013 THRU 12/31/2013

PROJECT TITLE & NUMBER:	E. Muni System Radio System Replacement (CPT 535.1)
PROJECT SCOPE:	This project will replace and modernize SFMTA's radio communication system using seventeen 700 MHz voice channels and six 800 MHz data channels as the basis for the communication network. The new system will utilize five existing antennae sites and will meet the regional Intelligent Transportation Standard and the P25 interoperability criteria.
	In the development of the preliminary design for the design-build contract, the scope of the project was expanded to include options for traffic signal priority (TSP) and a digital voice annunciation system (DVAS), pending identification of funding.

PROJECT INITIATION: September 1, 2001 PROJECT MANAGER: Frank Lau (415) 701-4307

CURRENT PROJECT PHASE: Construction (Design-Build) PROJECT ENGINEER: Qingwen Xi (415) 701-4268

RESIDENT ENGINEER: N/A N/A

CONTRACTOR:	Harris Corporation, 33 N	New Montgomery Street - Suite 1420), San Francisco	, CA 94105
CONTRACT AWARD DATE:	April 17, 2012	CONTRACT AWARD VALUE:	\$86,648,058	
NOTICE TO PROCEED:	June 20, 2012	Modifications To-Date:	\$1,542,631	
SUBSTANTIAL COMPLETION:	October 3, 2015	TOTAL CONTRACT VALUE:	\$88,190,689	=
FINAL COMPLETION:	April 1, 2016	% Increase:	2%	

ACCOMPLISHMENTS THIS QUARTER:

- Additional informal and formal final design review documents like the Cable Car Barn, Market Street Tunnel,
 Cameron Beach, and Lenox Way design packages were submitted for SFMTA stakeholder review.
- Land Mobile Radio (LMR) Factory Acceptance Tests were completed and payment was authorized to the Contractor to maintain project schedule.
- Issued Notice to Proceed (NTP) for new as-needed consultant support task orders to provide project construction management staffing services and environmental review support to address California Environmental Quality Act (CEQA) requirements.
- Identified Bayview/Candlestick site as a potential substitution for the South Hill site. Preliminary lease-related work has begun with City Real Estate Department and City Attorney.

UPCOMING PROJECT MILESTONES: (3 MONTH LOOK-AHEAD)

Complete Final Design phase.

PROJECT CHALLENGES / AREAS OF CONCERN:

- Working with Contractor to establish a recovery schedule that meets project delivery milestones.
- Secure lease agreement for the One Market site.
- Secure lease agreement for the South Hill site or a viable alternative location.

PROJECT TITLE & NUMBER: F. C3 Integrated Systems Replacement (CPT 630.2)

COMMUNICATIONS / IT PROGRAM 10/01/2013 THRU 12/31/2013

PROJECT TITLE & NUMBER:	F. C3 Integrated Systems Replacement (CPT 630.2)
PROJECT SCOPE:	Replace central control and subway communication systems; which include the Public Address system, Platform Display Sign system, and Facility SCADA system; and upgrade the Motive Power SCADA system. Other project elements include installation of new fiber broadband network and Uninterruptible Power Supply systems for critical communication systems.

PROJECT INITIATION: June 1, 2009
PROJECT MANAGER: Frank Lau (415) 701-4267

CURRENT PROJECT PHASE: Construction
PROJECT ENGINEER: Rodney Phann (415) 701-4271

RESIDENT ENGINEER: Victor Yuen (415) 706-1142

CONTRACTOR:	Blocka Construction, Inc.,	4455 Enterprise Street, Fremont,	CA 94538	
CONTRACT AWARD DATE:	January 15, 2013	CONTRACT AWARD VALUE:	\$24,116,000	
NOTICE TO PROCEED:	February 28, 2013	Modifications To-Date:	\$0	<u> </u>
SUBSTANTIAL COMPLETION:	September 26, 2014	TOTAL CONTRACT VALUE:	\$24,116,000	
FINAL COMPLETION:	February 24, 2015	% Increase:	0%	

ACCOMPLISHMENTS THIS QUARTER:

- Working with Contractor and staff to address a design deficiency discovered during first inspection of the new platform display sign support system.
- Completed new breaker installation at Montgomery Station.
- Provided initial review comments to Contractor's proposed contract change required for the purchase of firewall devices.
- Formulated a preliminary time frame for performing work in the Market Street Tunnel.

UPCOMING PROJECT MILESTONES: (3 MONTH LOOK-AHEAD)

• Contract milestone 2: project substantial completion in September 2014.

PROJECT CHALLENGES / AREAS OF CONCERN:

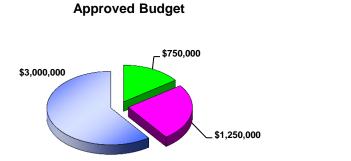

- Starting in November, ATCS/SMC project has been conducting train testing five days a week which prevented the contractor from working in the Metro tunnels and near the train dynamic envelop at the station platforms. This is a unilateral change of work condition imposed on the contractor and a change of contract terms. There is a potential delay in the project completion and a delay claim from the contractor.
- Contractor is also making the claim that cancellation of all subway work and subway early shutdown during Defense of Marriage Act Supreme Court case celebration and BART strike that impacted the construction

PROJECT TITLE & NUMBER: G. F	Parking Garage Projects
------------------------------	-------------------------

PROJECT SCOPE:

This project (Phases I-A & 1-B) involves restoration of 38 parking facilities that provide nearly 15,000 parking spaces, 90,000 sq. ft. of retail space and generate over \$85M in annual gross revenues. The overall project includes structural/seismic upgrades, energy efficient lighting, mechanical system upgrades (e.g. elevators, HVAC, sump pumps), expanded electric vehicle (EV) charging and bike parking as well as compliance with ADA regulations and various Planning, Building and Fire Codes. Phase I-A is funded by \$5.0M in Series 2012 Revenue Bond while Phase I-B will be funded by \$30M in Series 2013 Revenue Bond to implement high priority projects at 18 parking garages.

PROJECT INITIATION: October 1, 2012 PROJECT LEAD: Amit Kothari 415-701-4462

CURRENT PROJECT PHASE: Phase 1-A PROJECT MANAGER: Mike Robertson 415-701-5230

^{*} In early August 2013, the SFMTA Board of Directors was notified of a reallocation of \$1.93 million within the approved bond funded projects from the Series 2012B issuance. This reallocation is allowable under both the bond documents and the appropriation approvals.

As shown above, \$324,500 was transferred from the from the Muni Metro System Public Announcement and Public Display System to the Muni Green Light Rail Facility Rehabilitation Project to pay for cost increases associated with the roof replacement portion of the project.
\$1.6M was transferred from the Radio Replacement Project to the Systemwide Transit Access and Reliability Program to fund transit accessibility related street improvement projects.
