The L Taraval Improvement Project is a multi-agency collaboration to improve safety, accessibility, and transit reliability, and to rehabilitate aging rails, utility lines and roadway pavement along the L Taraval line between Sunset Boulevard and 15th Avenue and on Ulloa Street near West Portal.

We are happy to share that the L Taraval Improvement Project has been substantially completed, on time and on budget! The [L Taraval train service](#) returned on Saturday, Sept. 28. The City would like to thank our community partners, residents and merchants for their support and patience throughout the project design and construction. Their input has helped to build a better Taraval for everyone who enjoys the corridor.

While the biggest work is behind us, there are still a few smaller “punch list” items remaining, such as adjusting utility lines, refreshing transit lane paint, boarding island grout work, removing construction materials and installing transit shelters.
