## 2016 Presentations Calendar

In 2015 the BOC began meeting on a bi-monthly basis. At the same time it began receiving presentations consistent with the Bond Program's three major disciplines: Parking, Streets, and Transit. This Presentations Calendar is consistent with these requests and the BOC will hear presentations twice yearly from each area.

Quarterly project reports will no longer be coupled to BOC Meetings unless the mailout dates are concurrent. This will happen three times in 2016 as shown in the shaded cells below.

Monthly Expenditure Reports and Reallocation summaries will continue to be mailed by the 21st of the month for the second month previous (e.g., March 21 mailout for bond expenditures and reallocations through January 31).
