# MARCH 11 PROJECT OPEN HOUSE

The SFMTA has heard from the Inner Richmond community that high levels of vehicle, tour bus, and bicycle traffic contribute to safety concerns on 8th Avenue. The Agency is proposing several designs to reduce traffic conflicts and slow vehicle speeds on this street. These safety improvements include speed humps and traffic/turn restrictions. Our goal is to make 8th Avenue a more pleasant place to walk and bike to neighborhood destinations and nearby parks. Stop by and give us your feedback on traffic calming and circulation changes that affect your neighborhood!

For a preview of what we'll be discussing at the Open House, please visit [www.sfmta.com/8th](http://www.sfmta.com/8th). Contact the project manager at Charlie.Ream@sfmta.com with any questions or concerns you might have.
