**SAN FRANCISCO  
MUNICIPAL TRANSPORTATION AGENCY**

**DIVISION:** Finance and Information Technology

**BRIEF DESCRIPTION:**

Amending Transportation Code, Division II, Articles 200 and 300, Sections 201 and 302, to provide that: (1) the parking penalty for violations of Section 7.2.36 and 7.2.54, related to parking of oversized vehicles, is increased to \$100 plus additional courthouse construction penalties, (2) the SFMTA Board of Directors shall designate the locations where large vehicles are prohibited from parking, and (3) a public hearing is required prior to submitting such locations to the SFMTA Board of Directors for approval.

**SUMMARY:**

- Current law and City policy permits drivers to park oversize vehicles on-street, subject to various regulations and restrictions.
- Transportation Code (SFTC Division I, Section 7.2.36) prohibits the parking of a vehicle six feet tall or taller within 100 feet of an intersection at any time when signs are posted giving notice.
- The Board of Supervisors recently amended the Transportation Code (SFTC Division I, Section 7.2.54) to prohibit the parking of vehicles over 22 feet in length or seven feet in height, as well as specified types of trailers and recreational vehicles, between 12:00 a.m. and 6:00 a.m. when signs are posted giving notice which becomes operative on 3/31/13.
- In order to bring fines for these two parking violations in line with fines for similar parking violations, a modification to the Transportation Code is necessary.
- Section 200 of Division II is being amended to specify that any such changes will be subject to a public hearing prior to submission of the changes to the SFMTA Board of Directors.

### **PURPOSE**

Amending Transportation Code, Division II, Articles 200 and 300, Sections 201 and 302, to provide that: (1) the parking penalty for violations of Section 7.2.36 and 7.2.54, related to parking of oversized vehicles, is increased to \$100 plus additional courthouse construction penalties, (2) the SFMTA Board of Directors shall designate the locations where large vehicles are prohibited from parking, and (3) a public hearing is required prior to submitting such locations to the SFMTA Board of Directors for approval.

### **GOAL**

Amending the Transportation Code as stated above will further the following goal of the Strategic Plan in the following areas:

Goal 2 – System Performance: To get customers where they want to go, when they want to be there

Objective 2.5: Manage parking supply to align with SFMTA and community goals.

### **DESCRIPTION**

Current law and City policy permits drivers to park oversize vehicles on-street, subject to various regulations and restrictions. These regulations give the SFMTA important parking management tools, in addition to Residential Parking Permits, time limits, and parking meters, to manage oversize vehicle parking and discourage habitation in vehicles. When considering specific parking locations for oversize vehicles, staff will hold a public hearing prior to submission to the SFMTA Board as it does currently with other traffic modifications.

In addition to establishing restrictions for parking commercial vehicles with a gross vehicle weight rating over 10,000 pounds on residential streets (SFTC Division I, Section 7.2.84), the Transportation Code prohibits the parking of a vehicle six feet tall or taller within 100 feet of an intersection at any time when signs are posted giving notice (SFTC Division I, Section 7.2.36). However, these two parking restrictions were seen to be insufficient to address problems associated with large vehicles parking on certain non-commercial streets. In October, 2012, the Board of Supervisors approved a new violation to provide an additional tool to prohibit the parking of vehicles over 22 feet in length or seven feet in height between 12:00 a.m. and 6:00 a.m. when signs are posted giving notice (SFTC Division I, Section 7.2.54, operative 3/31/13). The ordinance permits the SFMTA Board of Directors to designate the locations where these vehicles are prohibited from parking. Signs must be posted on any streets subject to the parking restrictions provided by Section 7.2.54 and a public hearing must be held prior to submission of such locations to the Board for approval.

**PAGE 3**

Per the proposal recommended by the Board’s Policy and Governance Committee in January, 2012, SFMTA staff will carry out a pilot project to measure the effectiveness of Transportation Code II, Section 7.2.54. Oversize Vehicle Restriction, in those locations where it is deployed, as well as its effects in areas nearby and across the city. Staff believes that the new tool will be useful when dealing with the inappropriate parking of oversized vehicles, and will make a thorough evaluation before deploying it more widely.

The proposed amendment would raise the fines associated with SFTC 7.2.36 and 7.2.54 from \$65 to \$100, to bring them in line with the fine associated with SFTC 7.2.84 (\$100 plus additional courthouse construction penalties).

**FUNDING IMPACT**

Some additional costs are associated with the installation and maintenance of traffic signs. These costs will vary depending on the number of streets that are legislated as part of the initial pilot program under the new parking restriction. The cost of the pilot installations will be covered by the operating budget. Because of the late night hours, it is likely that some enforcement will be done by the San Francisco Police Department. The additional tool being provided to law enforcement officials may reduce overall City costs for enforcement of nuisances associated with parked large vehicles that are concentrated in certain areas of the City.

**PUBLISHED NOTICE AND PUBLIC HEARING**

Pursuant to Charter Section 16.112 and the Rules of Order of the SFMTA Board of Directors, an advertisement was placed in the City’s official newspaper to provide notice that the Board of Directors will hold a public hearing on January 15, 2013, to consider the above modifications. In compliance with these requirements, the advertisement ran in the San Francisco Examiner for a five-day period beginning on December 26, 2012.

**OTHER APPROVALS RECEIVED OR STILL REQUIRED**

Under the authority granted by the Planning Department, SFMTA staff has reviewed the proposed modifications to the Transportation Code and has determined that increasing the fine amount for a vehicle to park in violation of Section 7.2.36 or Section 7.2.54 is exempt from the California Environmental Quality Act (CEQA) pursuant to Title 14 of the California Code of Regulations (CEQA Implementing Guidelines) Section 15273 (Rates, Tolls, Fare and Charges). A copy of the determination is on file in the Office of the SFMTA Board of Directors.

**PAGE 4**

**RECOMMENDATION**

SFMTA staff recommends that the SFMTA Board of Directors amend Transportation Code, Division II, Articles 200 and 300, Sections 201 and 302, to provide that: (1) the parking penalty for violations of Section 7.2.36 and 7.2.54, related to parking of oversized vehicles, is increased to \$100 plus additional courthouse construction penalties, (2) the SFMTA Board of Directors shall designate the locations where large vehicles are prohibited from parking, and (3) a public hearing is required prior to submitting such locations to the SFMTA Board of Directors for approval.
