Between the hours of 7 a.m. and 7 p.m., crews are scheduled to repave the existing transit-only lane between Bryant and Harrison streets and continue concrete work between Bryant and Stillman streets. From Bryant to Harrison streets, work includes grinding and paving the existing transit-only lane. ### **UPDATE: Townsend Corridor Improvement Project**

Muni customers, pedestrians, people on bicycles, drivers and others should be aware that construction is occurring at the intersection of Townsend and 4<sup>th</sup> streets next to the Caltrain station. At times during it will require extra time to cross between the Caltrain Station and Muni stops on the opposite side of 4<sup>th</sup> Street when the southernmost crosswalk is closed during construction hours.

Stops for the following routes are now located on the new boarding island mid-block on Townsend Street between 4<sup>th</sup> and 5<sup>th</sup> streets:

- 10 Townsend
- 47 Van Ness
- 83X Mid-Market Express
- 30 Stockton (drop off only)
- 45 Union/Stockton (drop off only)

Note that riders on bicycles, scooters and other two-wheeled vehicles are not permitted on the boarding island, but must share the travel lane.

Please observe signs. For updated Muni routes visit [www.sfmta.com/townsend](http://www.sfmta.com/townsend).

Temporary passenger loading zones for private cars, ride hail, paratransit, private shuttles and other vehicles are now located on both sides of Townsend Street mid-block between 3<sup>rd</sup> and 4<sup>th</sup> streets. Taxi pick up and drop off is temporarily located on 4<sup>th</sup> Street at the entrance to the Caltrain Station.

For more information about this project, visit: [www.sfmta.com/townsend](http://www.sfmta.com/townsend).

Access for people walking, biking, and driving will be maintained during construction both at the Caltrain station and throughout the Townsend corridor. Signs on location will be regularly updated while crews work on the projects in sections throughout the corridor. Construction will generally occur between 7 a.m. and 4 p.m., Monday through Friday with some night and weekend work.

### **UPDATE: Van Ness Improvement Project**

Construction scheduling is subject to change due to weather delays or unexpected field conditions. For more project details and the latest construction updates, visit [sfmta.com/vanness](https://sfmta.com/vanness).

Riders wishing to return to downtown locations on the E Embarcadero and F Market & Wharves lines can board either on The Embarcadero at Pier 39 or across the street on the northeast side of Beach at Stockton streets.

### **ONGOING: Third Street Bridge Rehabilitation Project**

Nighttime construction work will continue to take place between the hours of 5 a.m. and 3:30 p.m. and is anticipated to continue daily through January 2020.

**Since July, crews have begun phase two of the rehabilitation work.** Phase two construction work involves travel lane shifts and other adjustments to the roadway and work area. Vehicle and bicycle access via travel lanes across the bridge continue to be available in each direction, northbound and southbound **(except during periods of full temporary bridge closures when the pending scope of work restricts access across the bridge for all vehicle, bicycle and pedestrian traffic)**. Pedestrian access is available via the sidewalk along the eastern side of the bridge. People on bike may also choose to walk their bicycle along the pedestrian sidewalk as an alternative to riding across the bridge via the travel lane. Pedestrian access via the sidewalk along the western side of the bridge may be unavailable during different phases of upcoming work.

Third Street Bridge is open and access across the bridge is available. Please note, to complete remaining rehabilitation work, future short duration full bridge closures are anticipated to
