St. Patrick's Day Parade

Saturday, March 14: As part of a series of measures designed to reduce the spread of Coronavirus (COVID-19), the annual St. Patrick's Day Parade and Festival has been postponed.

CONSTRUCTION WORK AND OTHER UPDATES

UPDATE: Van Ness Improvement Project

On Friday, March 13, between the hours of 8 p.m. and 7 a.m., crews are scheduled to work on installing a joint-utility trench, traffic striping and sewer main at the following locations:

- Van Ness between Lombard and Greenwich streets
- Van Ness between Greenwich and Filbert streets
- Van Ness between Filbert and Union streets
- Van Ness between Union and Green streets
- Van Ness between Green and Vallejo streets
- Van Ness between Vallejo Street and Broadway
- Van Ness between Broadway and Pacific Street
- Van Ness between Pacific and Jackson streets
- Van Ness between Bush and Sutter streets
- Van Ness at Mission Street

Because some work requires reducing Van Ness Avenue to one lane in each direction, some work is limited to nighttime hours. Construction scheduling is subject to change due to weather delays or unexpected field conditions. For more project details and the latest construction updates, visit sfmta.com/vanness.

UPDATE: Jefferson Streetscape Improvement Project

Since October 2019 and continuing for the next 12 months, the E Embarcadero and F Market & Wharves streetcars will turn back at Pier 39 due to construction on the Jefferson Streetscape Improvement Project. The last inbound stop is on The Embarcadero at Pier 39.

Customers wishing to ride to further destinations may board a bus shuttle at that stop, which operates in a loop to serve the missed E Embarcadero and F Market & Wharves stops along Fisherman's Wharf.

UPDATE: Jefferson Streetscape Improvement Project *continued*

Riders wishing to return to downtown locations on the E Embarcadero and F Market & Wharves lines must board across Stockton Street on Beach Street in front of the parking lot at the Academy of Art University.

Since October 2019 and continuing to mid April 2020, due to construction on Jefferson Street between Taylor and Jones streets, bus shuttles will not serve the stop at Jones and Beach streets. Customers should use alternate stops, at Jones and Taylor streets or at Beach and Mason streets.

For more information about Phase Two of the Jefferson Streetscape Improvement Project, visit <http://www.sfpublicworks.org/jefferson>.

ONGOING: L Taraval Improvement Project

Since August 2019, traffic pattern on lower Great Highway between Ulloa and Santiago streets has been changed. Northbound travel lane on lower Great Highway has been rerouted to 48th Avenue for two blocks between Ulloa and Santiago streets. Southbound travel lane will continue on lower Great Highway as usual. This will be in effect until project completion in Fall 2021.

Continuing through Friday, March 20, the outbound L Taraval stop at Taraval Street and 40th Avenue will be temporary relocated to Taraval Street and 41st Avenue from 7 a.m. until 4 p.m., Monday through Friday.

For project details, visit sfmta.com/LTaraval.

ONGOING: Muni Rail Rehabilitation Project

Since Monday, March 9 and will continue for about four weeks, N Judah track maintenance work will take place at the intersection of 25th Avenue and Judah Street. During construction, the N Judah rail service will operate without interruption. While Judah Street remains open, vehicular traffic along 25th Avenue at Judah Street will be detoured.

Work hours are from 9 a.m. to 3:30 p.m., Monday through Friday and from 9 a.m. to 3:30 p.m., Saturday for concrete pour.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

ONGOING: Muni Rail Rehabilitation Project *continued*

Neighbors can expect noise during construction. To accommodate construction work, about four parking spaces will be unavailable near the job site, 24 hours a day during construction period and an additional 14 parking spaces will be unavailable during construction work hours.

ONGOING: Third Street Bridge Rehabilitation Project

Nighttime construction work will continue to take place between the hours of 8 p.m. and 7 a.m. and is anticipated to continue periodically through March 2020.

Since July 2019, crews have begun phase two of the rehabilitation work. Phase two construction work involves travel lane shifts and other adjustments to the roadway and work area. Vehicle and bicycle access via travel lanes across the bridge continue to be available in each direction, northbound and southbound (**except during periods of full temporary bridge closures when the pending scope of work restricts access across the bridge for all vehicle, bicycle and pedestrian traffic**). Pedestrian access is available via the sidewalk along the eastern side of the bridge. People on bike may also choose to walk their bicycle along the pedestrian sidewalk as an alternative to riding across the bridge via the travel lane. Pedestrian access via the sidewalk along the western side of the bridge may be unavailable during different phases of upcoming work.

Third Street Bridge is open and access across the bridge is available.

Construction scheduling is subject to change due to rain or other weather delays, equipment breakdown, and/or unforeseen field conditions. Additional periods of short closures may be possible, if necessary, to complete remaining rehabilitation work. Information will be shared closer to that period should additional closures seem necessary and details are finalized. Updates will be posted to the project webpage. For details about the project, the latest construction updates and suggested detour routes for pedestrians, bicyclists and vehicles, visit: www.sfpublicworks.org/thirdstreetbridge.
