West Portal LK Transfer Project

The West Portal LK Transfer Project proposes changes near West Portal Station to facilitate Muni Metro's new temporary rail configuration. The aim is to support accessible transfers for customers transferring between the new temporary surface-only LK line and the subway. As an emergency project to support rail service, these changes would be temporary and evaluated through data monitoring and community feedback. They would be automatically removed within 120 days after the emergency order is lifted, unless there is a public process to make the improvements permanent.

Proposed temporary changes include:

Ulloa Street, south side, from West Portal Avenue easterly
Remove bus zone and create a 55-foot passenger loading zone.

Ulloa Street, south side, from West Portal Avenue to Wawona Street

Create new temporary transit zones for the LK and 48 Quintara/24th Street lines, including ADA accessible platforms, while removing a part-time passenger loading zone/part-time bus stop, and removing two part-time parking spaces.

Ulloa Street, north side, from Wawona Street to Lenox Way

Remove one passenger loading zone to create new temporary LK stop shared with 48 Quintara/24th Street.

Lenox Way, north of Ulloa Avenue

Create passenger loading zone and shift green zone northerly.

Lenox Way, southbound at Ulloa Avenue

Make existing left turn restriction in effect at all times.
