

San Francisco International Airport

## **NOTICE**

January 20, 2022

**TO:** San Francisco International Airport Ground Transportation Providers

**SUBJECT: COVID-19 Vaccination and Testing**

This notice is to inform Airport Ground Transportation Operators that COVID-19 Testing and Vaccination at San Francisco International Airport are available.

### **COVID-19 Testing**

Operators may register for a COVID-19 Polymerase Chain Reaction (PCR) Test with Worksite Labs located adjacent to the Long-Term Parking Lot and Cell Phone Waiting Lot. Operators can choose either the 12 or 24-hour test. Both tests are covered by insurance. For operators who do not have insurance, payment can be made via credit card: \$90 for 24-hour test and \$150 for 12-hour test. Test appointments are available daily between 7:00am and 7:00pm. **Appointments are required** and can be made at:

<https://locations.worksitelabs.com/sfo-employees>

### **COVID-19 Vaccination**

Operators may go to SFO's Medical Clinic (located on the International Terminal's Departure Level, A-Side) for Johnson & Johnson vaccination and booster between 8:00am and 5:00pm, Monday through Friday. **Appointments are recommended.** Walk-in may be accepted on a first-come, first served basis. Appointments can be made at: <https://www.flysfo.com/travel-well/vaccination-site-sfo>

Additionally, the Airport is hosting a vaccine clinic for booster doses of the Pfizer-BioNTech and Moderna COVID-19 vaccines (ages 18+) on **Wednesday, February 16, 8:00am to 4:00pm.** **Appointments are required** and can be made at: <https://www.flysfo.com/travel-well/vaccination-site-sfo>

Thank you for your continued service to our community.
