Open House Stations

We have broken out project materials into four topic areas and have arranged stations for each topic. Each station has a series of information boards and is staffed with technical experts who can answer your questions:

Station #1: Engineering

- Engineering studies conducted that led project staff to develop the Full Subway alternative
- Areas where hands-on community design process would be conducted in future phases

Station #2: Rail

- Proposed rail alignment
- Proposed location of new subway stations
- Proposed location of station entrances

Station #3: Street

- Illustrations of the proposed 19th Avenue re-design to provide safety and quality of life improvements.

Stations #4: Miscellaneous

- Comparison of all proposed project alternatives
- Improvements coming in the next two years
