

Key

Existing Traffic Signal	Proposed Traffic Signal
Existing 4-Way Stop	Proposed Traffic Calming
Existing Stop	Proposed Stop
	What's Your Idea?*

*For 42nd Ave, possible options are a 4 way stop, or boarding islands through the intersection

Why are we removing stop signs?

- It will reduce delays by cutting down the number of times a train must stop along the route.
- We can maintain traffic safety at intersections through the use of traffic signals and traffic calming techniques.

What's your opinion?

- What do you think of the proposals?
- Are there too many stop signs on Taraval St?
- If we remove stop signs at an intersection, where should we use a different device?
