

LET'S MAKE IT LESS STRESSFUL TO GET AROUND SAN FRANCISCO.

Please join Supervisor Jane Kim and representatives of SFMTA and San Francisco Public Works at a community meeting to learn about the city's plan to make our transportation network faster, safer and more efficient.

When

Tuesday, May 20, 2014, 6:00 - 7:30 p.m.

Location

South of Market Rec Center
270 6th Street
San Francisco, CA

Meeting Details

San Francisco is at a transportation crossroads. Half of our streets are in need of repair. Most of Muni's buses and trains are old and at risk of breakdown, and our crowded transit lines haven't changed much since the 1980s. Our walkways and bikeways need to be safer and more accessible.

Without new and stable funding sources, getting around will become increasingly difficult, no matter how you travel.

Please join us to learn more about Transportation 2030, a strategic infrastructure investment program proposed for November's general election ballot. Transportation 2030 will invest in better roads, improved transit, and safer streets for all.

For more information, visit the [Transportation 2030 website](#).
