## CONSTRUCTION WORK AND OTHER UPDATES *continued*

### **UPDATE: Van Ness Improvement Project**

**On Friday, August 9, between the hours of 8 p.m. and 7 a.m.,** crews are scheduled to conduct sidewalk paving, sewer work and water main replacement work at the following locations:

- Van Ness at Filbert Street
- Van Ness at Bush Street
- Van Ness at Sutter Street
- Van Ness at Post Street
- Van Ness at Mission Street

**On Saturday, August 10,** during the day, crews are scheduled to do sewer work at Van Ness at Filbert Street (intensive noise is expected).

Because some work requires reducing Van Ness Avenue to one lane in each direction, some work is limited to nighttime hours. Construction scheduling is subject to change due to weather delays or unexpected field conditions. For more project details and the latest construction updates, visit [sfmta.com/vanness](http://sfmta.com/vanness).

### **UPDATE: Third Street Bridge Rehabilitation Project**

Nighttime construction work is taking place between the hours of 8 p.m. and 7 a.m. This construction work is anticipated to continue nightly, Monday through Saturday, **through 7 a.m., Friday October 4.**

**Since Sunday, July 7, crews have begun phase two of the rehabilitation work.** Phase two construction work involves travel lane shifts and other adjustments to the roadway and work area. Vehicle and bicycle access via travel lanes across the bridge continue to be available in each direction, northbound and southbound (**except during periods of full temporary bridge closures when the pending scope of work restricts access across the bridge for all vehicle, bicycle and pedestrian traffic**). Pedestrian access is available via the sidewalk along the eastern side of the bridge. Bicycles may also choose to walk their bicycle along the pedestrian sidewalk as an alternative to riding across the bridge via the travel lane. Pedestrian access via the sidewalk along the western side of the bridge may be unavailable during different phases of upcoming work.

### CONSTRUCTION WORK AND OTHER UPDATES *continued*

#### UPDATE: Third Street Bridge Rehabilitation Project *continued*

To facilitate ongoing rehabilitation activity, **temporary full closure of the bridge** will be implemented. During closure, all vehicle, bicycle and pedestrian traffic will be restricted. **The next full bridge closure is scheduled for Thursday, August 15 until Friday, August 23, 2019.**

4<sup>th</sup> Street Bridge is open and access across the bridge is generally available throughout the Third Street Bridge closure. Please note that during peak commute hours (Monday through Friday, 7 to 10 a.m. and 3 to 7 p.m.), and at the discretion of parking control officers and SFPD, access may be temporarily restricted to clear congested traffic through the area and to allow trains through. Vehicles will be redirected to alternative detour routes.

Construction scheduling is subject to change due to rain or other weather delays, equipment breakdown, and/or unforeseen field conditions. Additional periods of short closures may be possible in September and October 2019, if necessary, to complete remaining rehabilitation work. Information will be shared closer to that period should additional closures seem necessary and details are finalized. Updates will be posted to the project webpage. For details about the project, the latest construction updates and suggested detour routes for pedestrians, bicyclists and vehicles, visit: [www.sfpublicworks.org/thirdstreetbridge](http://www.sfpublicworks.org/thirdstreetbridge).

#### **ONGOING: Construction of Mission Bay Loop**

The SFMTA has resumed construction on 18<sup>th</sup>, 19<sup>th</sup> and Illinois streets, the project is expected to be completed in summer 2019. Traffic, including travelling by bike, may be affected by the construction work. All work areas will be clearly marked and there will be flaggers to help direct traffic. In order to conduct the work, parking on both sides including along the historical Crane Cove Park fence (east side of Illinois Street) will be removed 24 hours, 7 days a week from 18<sup>th</sup> to 19<sup>th</sup> and Illinois streets for the duration of the project.

A partial street closure is currently in effect in order to accommodate duct bank work on Illinois Street between 18<sup>th</sup> and 19<sup>th</sup> streets through summer of 2019. Outer traffic lanes traveling both north and south on Illinois Street will remain open for through traffic. Immediately following the duct bank work, the track work will begin.

Local access to properties along the project site will be maintained. For project details or to sign up to receive project updates, visit: <https://www.sfmta.com/missionbayloop>.
