Subject: RE: Tenderloin Station / Eddy & Jones Congestion

Hello Captain Fabbri:

Just wanted to summarize what my understanding of the issues are and the actions to be taken by both SFPD and SFMTA based on our meeting last week. Many of the traffic and parking issues at Tenderloin Station stem from a combination of events over the years including:

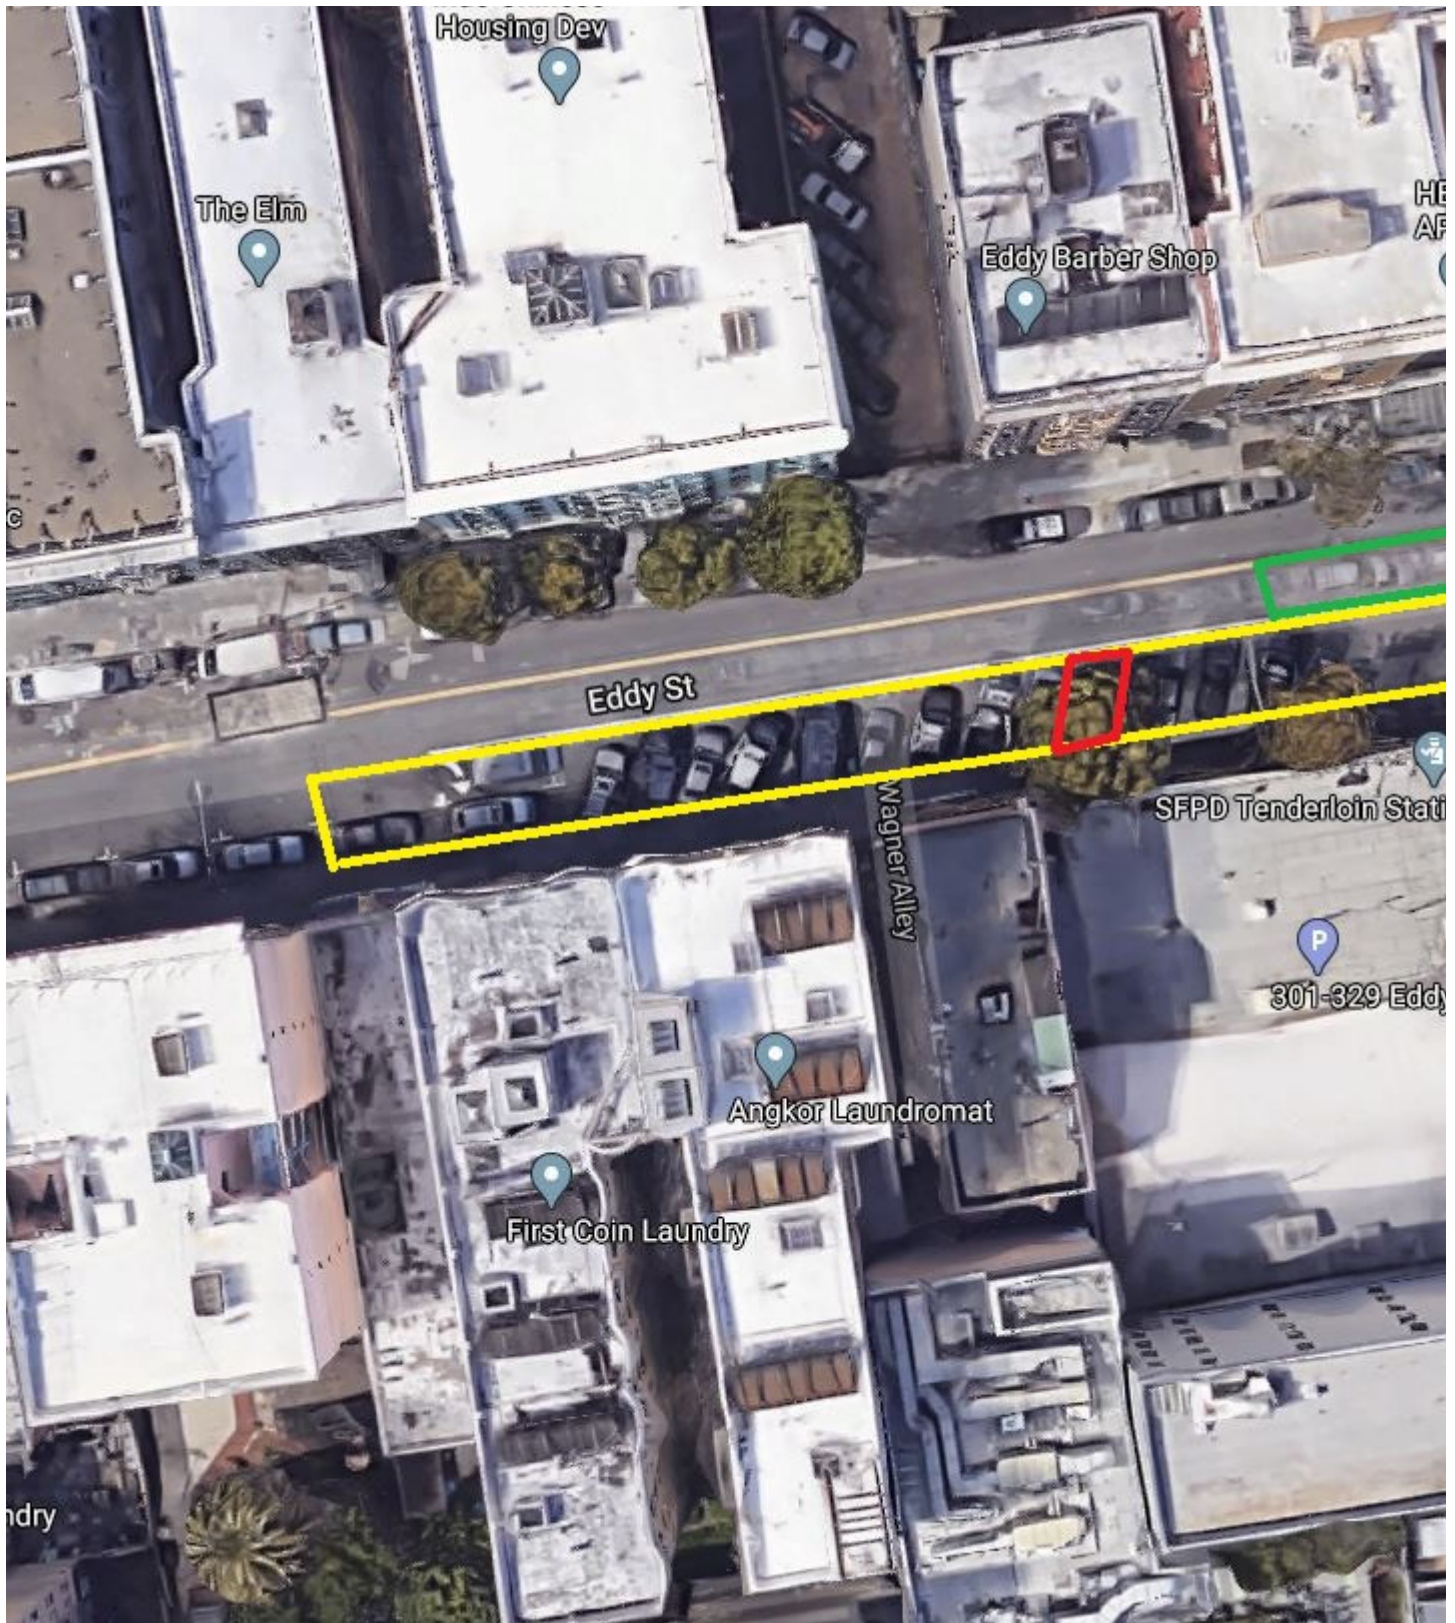

- 1) Revised signal timing/roadway configurations in the TL;
- 2) Increased staffing at TL Station in concert with a larger precinct area and relocation of Southern Station to Mission Bay; and
- 3) A higher number of calls to the south of TL Station.

In response:

- 1) Highlighted in yellow: SFMTA will rescind the EB right-turn only lane on Eddy and extend the zone on the south side of Eddy for police parking only.
- 2) Highlighted in red: SFPD will avoid parking in front of the fire hydrant (adjacent to the station's westernmost door) so that the curb can be used for ambulances and prisoner pickup/drop-off when necessary, thereby discouraging double parking on Eddy.
- 3) Highlighted in green: SFMTA will paint a ~60-foot KEEP CLEAR zone near the stations garage entrance/exit. SFPD will concentrate the parking of radio units near the KEEP CLEAR to increase flexibility in Code 3 response.
- 4) SFMTA will extend police parking in front of 241 Jones.

Given the ongoing shelter-in-place order and staffing issues, I cannot promise a delivery date for any of these items, but I did want to formalize all of the above. Please let me know if there are any errors.

The sooner the better. 1000 on Thursday will be fine. I'll be at the garage driveway, likely wearing a bike helmet and yellow safety vest.

Hello Captain Fabbri:

My team has been assigned to look at the congestion issues at Eddy/Jones as well as look at the feasibility of some KEEP CLEAR markings. (We just installed some on 17th Street in front of Mission Station, because their Valencia driveway is currently closed.) Can you let me know what your availability is for a site visit?

Hi Shayda,

Just want to say thanks I appreciate you coming out today and assessing the traffic situation with Sgt. Loya. It's an important issue for our officers.

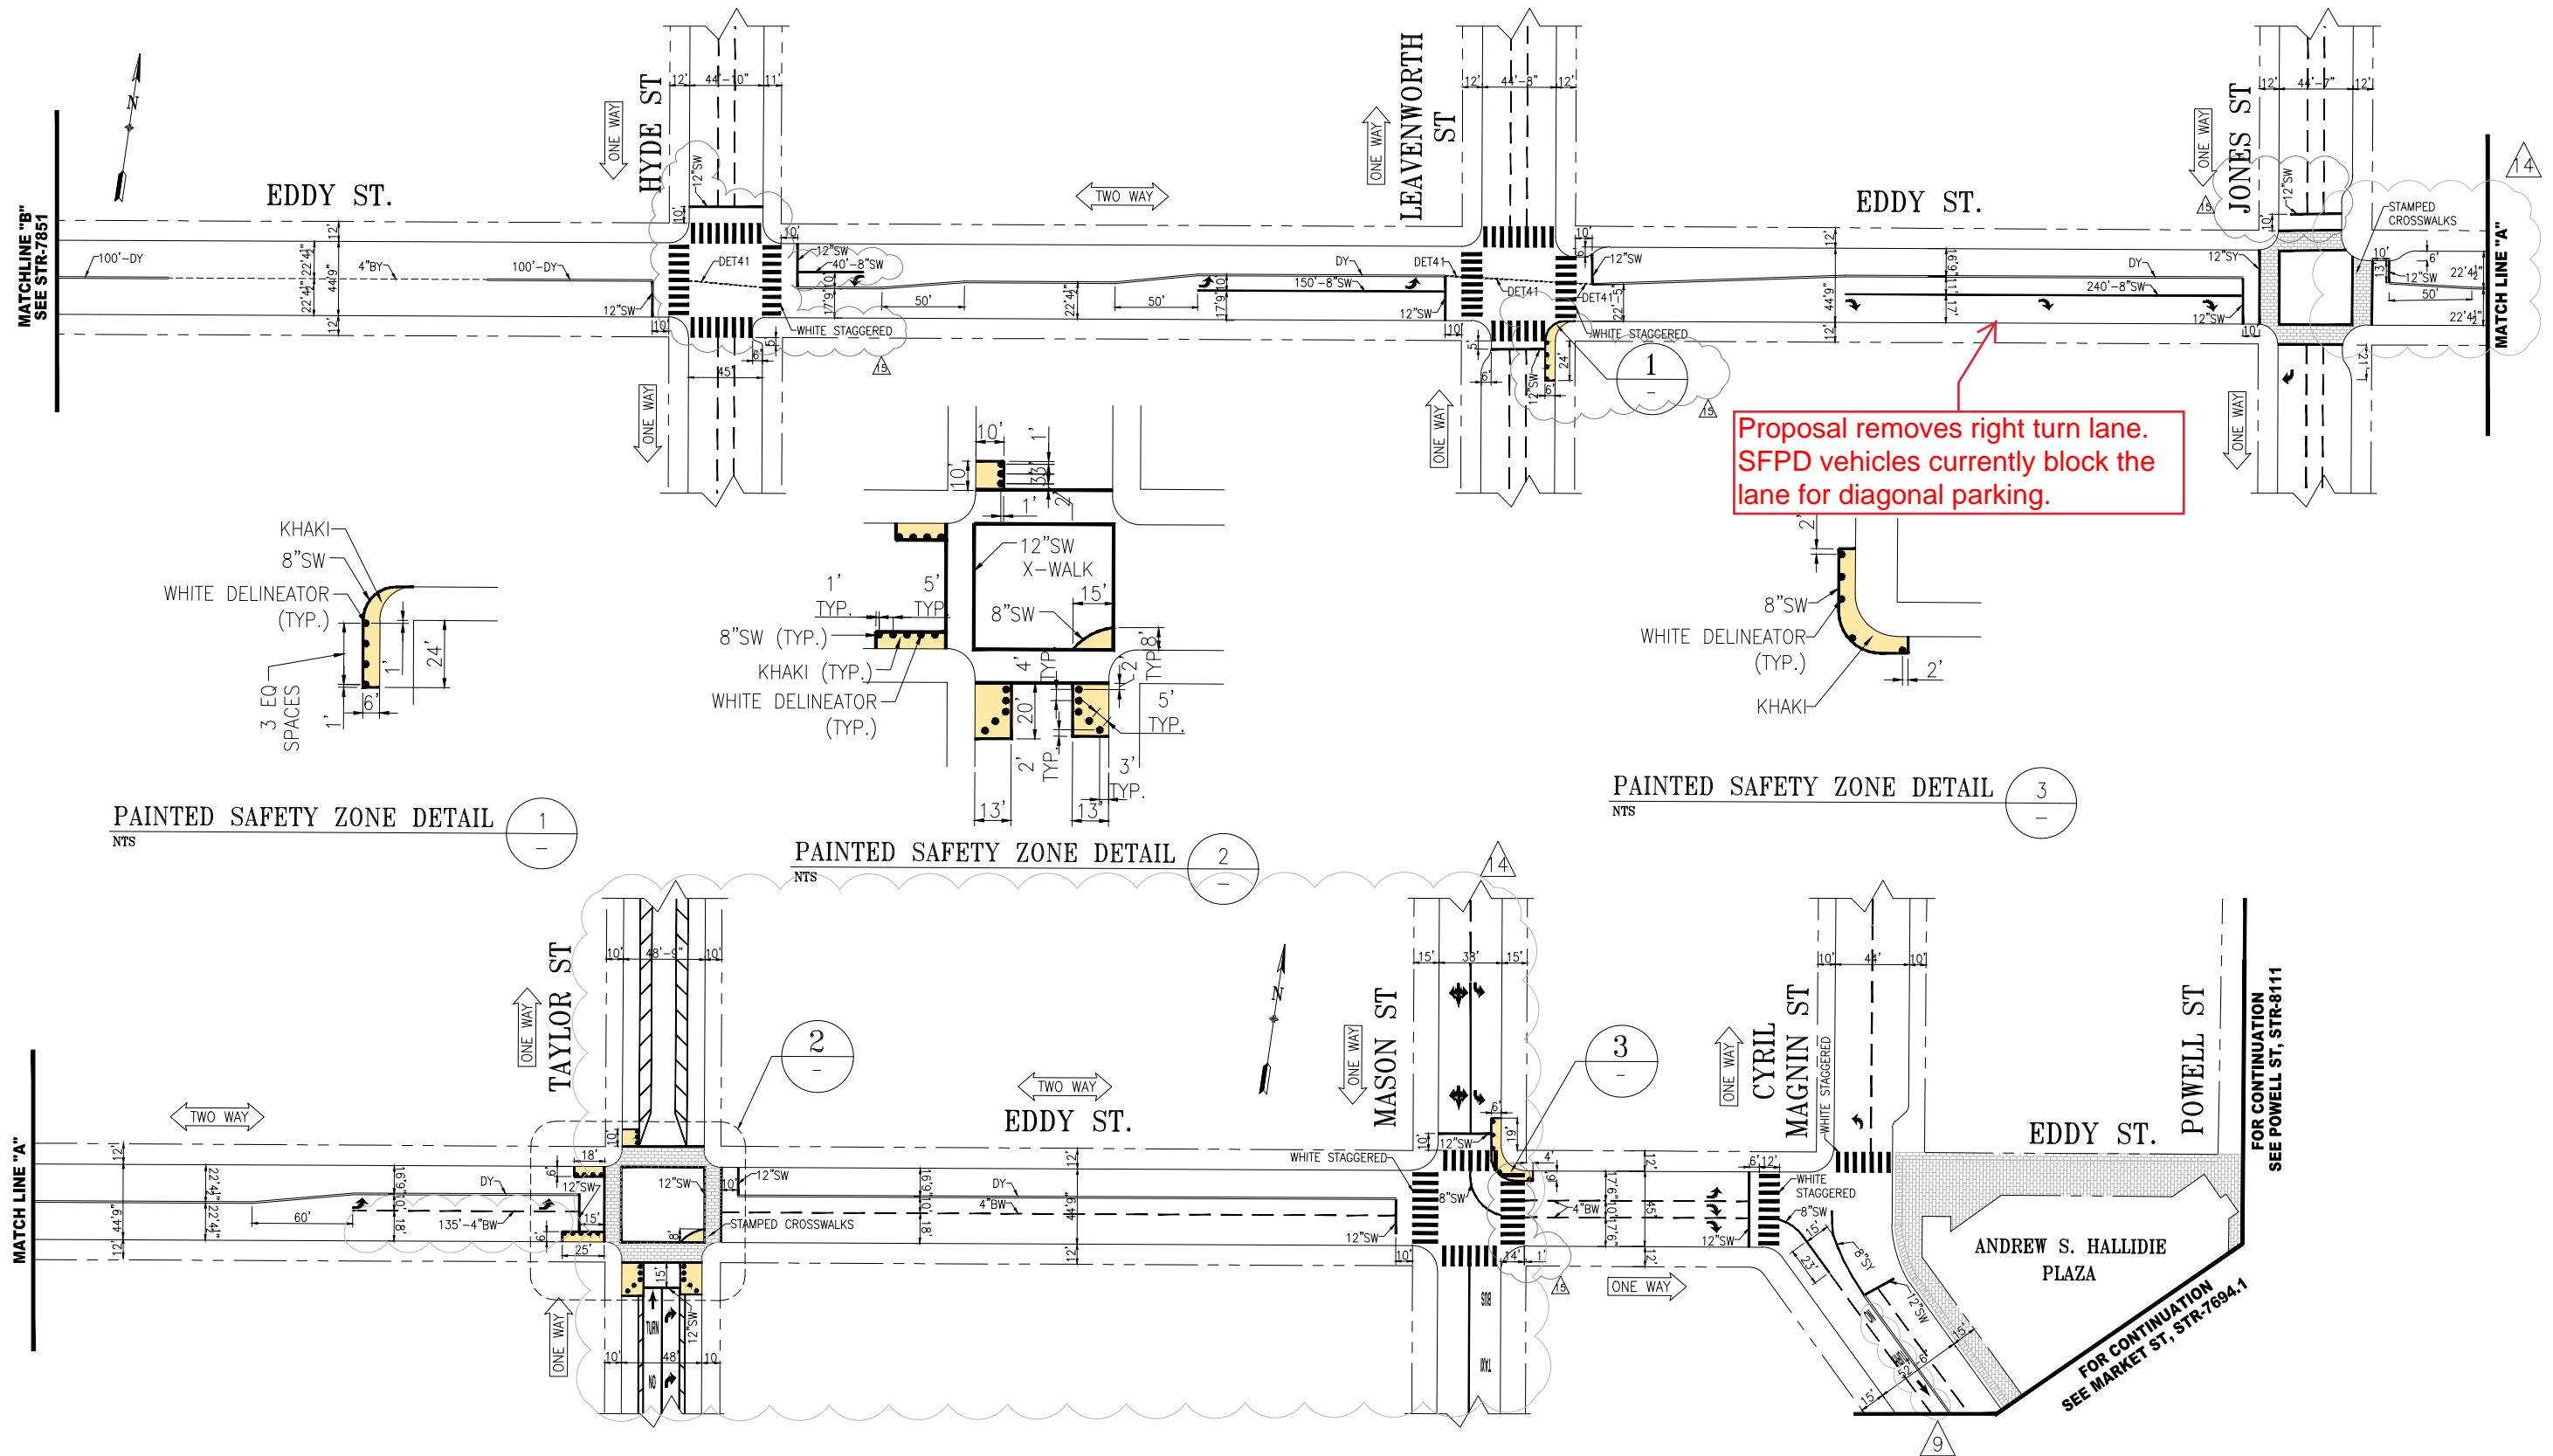

Sincerely,

Carl
