Park Presidio Lombard Temporary HOV Lanes

Reunión Pública/ 公開會議/ публичное собрание

To support San Francisco's COVID-19 response and economic recovery, and to reduce transit delays and improve reliability, the SFMTA proposes to install temporary high occupancy vehicle (HOV) lanes for multi-occupant vehicles, other vehicles allowed in HOV lanes, right-turning vehicles and vehicles accessing parking and driveways along sections of Lombard/Richardson and Veterans Boulevard/Park Presidio/Park Presidio Bypass/Crossover Drive. The project would convert the outer lanes to HOV/right-turn lanes, with no other proposed changes to traffic or parking. These streets are used by Muni and Golden Gate Transit. The changes would be reversed following the end of the COVID-19 emergency unless separate actions were taken to make them permanent.
