Street closures are expected to start Monday, Nov. 13 - Sunday, Nov. 19. These closures will result in significant traffic impacts:

- **People should expect a range of street impacts in and around the U.S. Secret Service security zones (Vehicle Exclusion Zones).** People will be allowed into these zones to access their homes, work, make deliveries and shop, with appropriate screening.
- People traveling in San Francisco should **expect congestion downtown, traffic delays, transit reroutes, delays and crowding** on Muni and SF Paratransit during APEC. Additional events may arise with little notice and may impact Muni routes, traffic, vehicle and pedestrian access.

Muni Service During APEC

Some Muni lines will need to be rerouted around the security zones in SoMa and Nob Hill. Reroutes depend on many factors, including when security-related street impacts go into effect. Most Muni reroutes are expected to start Monday, Nov. 13. We will continue to provide updates as information is available.

The SFMTA developed reroutes to maintain as many connections as possible. Customers should be prepared to adjust travel, allow more travel time and be prepared for delays. Predictions and third-party navigation apps may not display information properly during this period.

Tues Nov. 7 through Sunday Nov. 12:

- **Muni has rerouted the 1 California line on Sacramento Street between Stockton and Taylor streets from Tues, Nov. 7 through Sunday, Nov. 12** to prepare for the APEC Summit and the related street impacts in the Nob Hill area
- **Westbound 1 California trolley** buses will not be able service this portion of Sacramento Street and **will be rerouted.**
- **We will be providing a westbound (outbound) 1 California shuttle bus during this time.**

ONGOING

ONGOING: Northeast Van Ness Station Entrance Closure

Since Saturday, April 1, due to installation of the roll-up gate, the entrance located at the northeast corner of Market Street and Van Ness Avenue (next to the construction site) is closed for approximately three months.

To access Van Ness Station, customers can use the other three entrances on Market Street and Van Ness Avenue located at the:

- Southeast corner
- Southwest corner
- Northwest corner

For more information, visit [SFMTA.com/VNentranceClosure](https://www.sfmta.com/VNentranceClosure).

ONGOING: 19th Avenue (CA Route 1) Combined City Project

San Francisco Public Works is leading a multi-agency project to replace aging infrastructure and improve safety along 19th Avenue between Holloway Avenue and Lincoln Way.

Construction work for the first and second segment of this project along 19th Avenue between Lincoln Way and Taraval streets was completed. Construction work for bulbouts in the third and fourth segment along 19th Avenue between Taraval Street and Holloway Avenue is ongoing.

As part of the [19th Avenue Combined City Project](#), the SFMTA will implement transit priority and safety improvements for people walking along 19th Avenue. The improvements will make it safer to walk, remove stops to make transit service more reliable, and enhance customers' experiences—on and off the bus.

To improve safety along 19th Avenue, the SFMTA will: 1) install pedestrian bulbs at 19 intersections and transit bulbs at 13 intersections; 2) modify traffic and pedestrian signals to give people who walk more time to cross the street; and 3) extend the bus zone at one intersection. Installing transit bulbs allow Muni vehicles to stop for passengers without having to pull out of traffic, and pedestrian bulbs increase the visibility at intersections of people who walk.

19th Avenue (CA Route 1) Combined City Project continued:

As part of the project, seven Muni stops were removed on 19th Avenue between Irving Street and Ocean Avenue last October. The following Muni routes have been affected with the stop removal:

- 28 19th Avenue
- 91 3rd Street/19th Avenue Owl

To find additional information about the transit reliability and pedestrian safety components, visit sfmta.com/28Rapid. For overall project information, visit sfpublicworks.org/19th-Avenue.
