

SFMTA

Geary Rapid Project

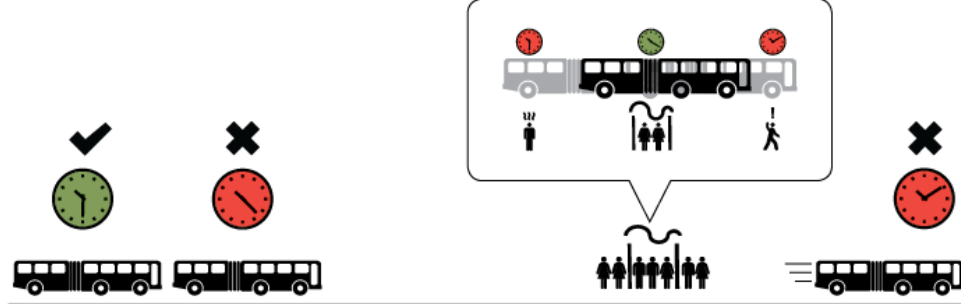

Presentation to SFMTA CAC

July 12, 2018

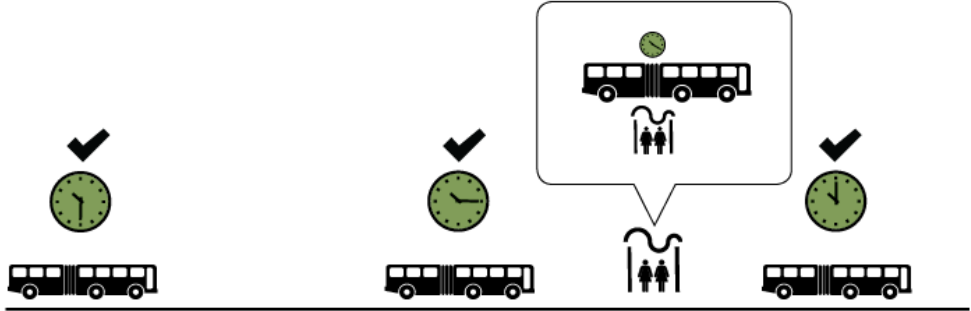

The Geary corridor: 54,000 riders/day

Project goal: improved transit speed and reliability

CURRENT CONDITIONS

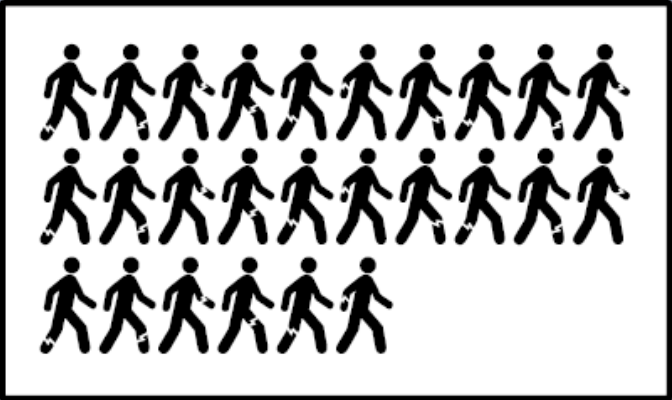

GOAL OF PROJECT

Project goal: improved safety and accessibility for people walking

1 YEAR

GEARY

26

pedestrians injured on Geary annually

— YOU ARE —

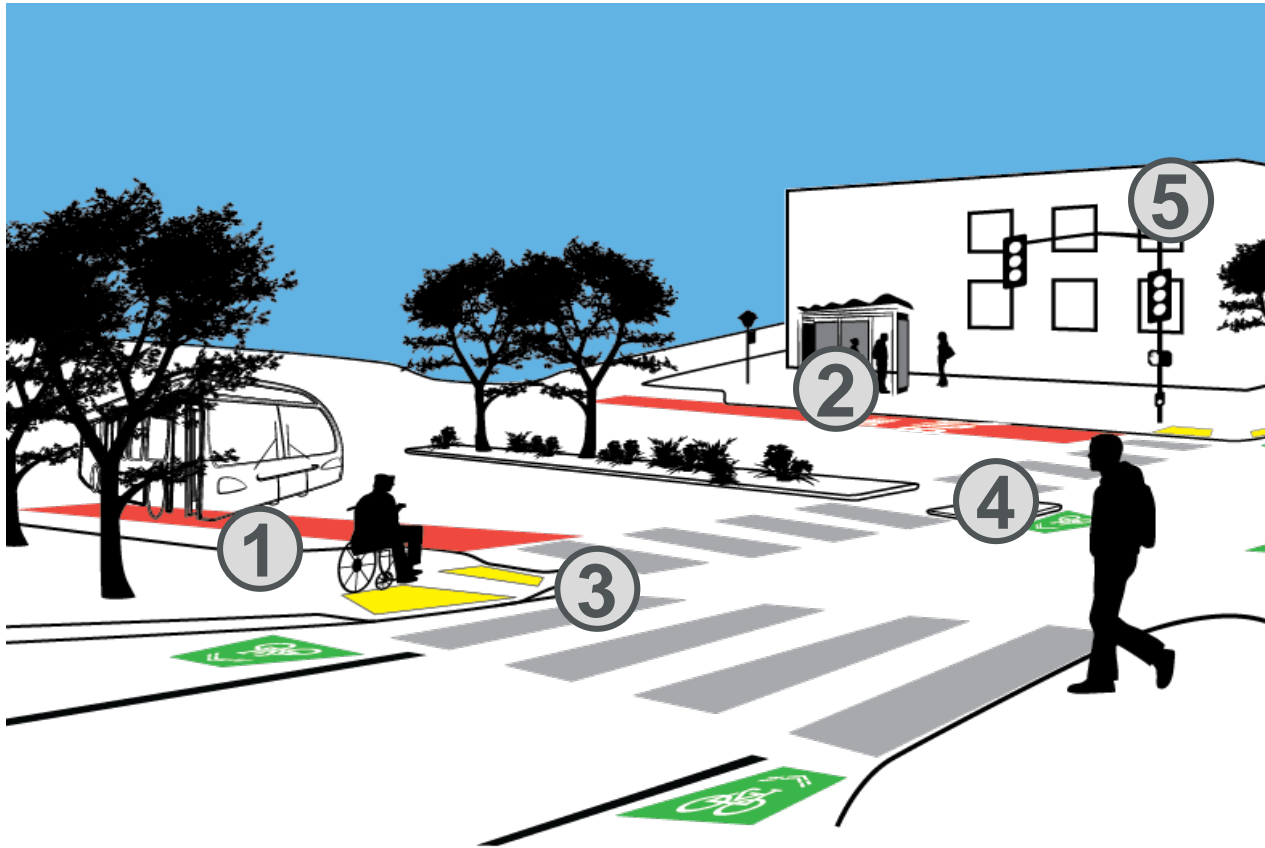

8x

more likely to be involved in a collision on Geary than the average city street.

Geary Rapid is the first phase of improvements

Key project features

1. Dedicated bus lanes
2. Bus bulbs
3. Pedestrian bulbs
4. Median improvements
5. Traffic signal upgrades

Calming the Geary Expressway

Proposed Bus Stop Changes

Technical analysis and community input have informed proposals:

- Removal of **Hyde Street** inbound and outbound local stops
- Relocation of **Larkin** inbound stop to far side of intersection
- Relocation of **Starr King Way/Gough** inbound stop in front of St. Mary's
- Consolidation of **Webster** and **Fillmore** inbound stops mid-block
- Consolidation of **Presidio** and **Masonic** inbound stops to far side of Masonic
- Retain **Spruce** inbound and outbound local service but eliminate Rapid service
- Removal of **Stanyan** inbound and **Commonwealth** outbound local and express stops

Coordinated with other City-sponsored work

- Public Works-sponsored roadway repaving between Masonic and Van Ness
- SF Public Utilities Commission-sponsored sewer and water work on Geary primarily between Masonic and Market
- Department of Technology and MTA-sponsored fiber optic conduit installation between Gough and Stanyan

Recent outreach: Open Houses

Recent outreach: Open Houses

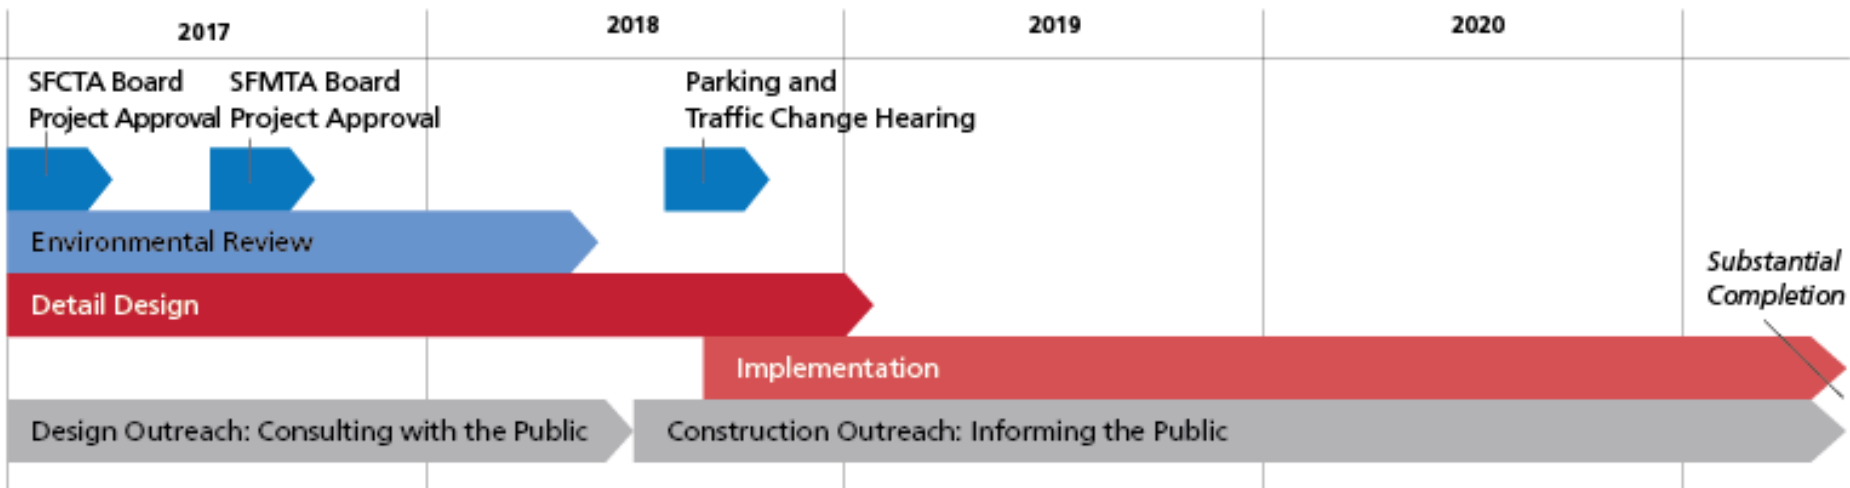

Recent outreach: stakeholder meetings/presentations

>50 stakeholder meetings/presentations have been held during the design phase

Next Steps

Construction

Timing

- Will occur between Fall 2018 and Winter/Spring 2021
- Work on any given block could range between a few weeks and a few months

Notification

- 30-day mailed notice
- Weekly construction update with 2-week look ahead
- Dedicated project email address (GearyRapid@sfmta.com) and hotline (415.646.2300)
- Large signage
- Ambassadors
