Use of Clipper® Card

Event participants are encouraged to use Clipper® Card to get to AT&T Park. Customers using Bay Area public transportation systems are strongly encouraged to purchase their fares in advance or use Clipper® Card to attend the event. Customers using a Clipper Card receive 50 cents off an adult single ride when transferring to Muni from BART, Golden Gate Ferry and Transit, and San Francisco Bay Ferry routes (Oakland-Alameda, Harbor Bay and Vallejo). Golden Gate Ferry and Transit and San Francisco Bay Ferry provide the same discount on return trips.

To learn more about transfer discounts, please visit [transfer discounts](#).

For more information on using Clipper Card on Muni, please visit clippercard.com/muni.

Purchase Muni Fare using MuniMobile

Event participants may use [MuniMobile](#), an official SFMTA app, to save time by instantly buying tickets for Muni bus, rail, cable car, and paratransit services on their iPhone and Android devices. Tickets can be purchased through a credit/debit card or PayPal account for individual or multiple riders on one smartphone. Customers can buy tickets ahead of time and activate when they are ready to ride - with MuniMobile, your phone is your fare.

Purchase Single Ride Muni Fare Electronically

Muni customers who purchase fares in advance using a Clipper® Card or use the official SFMTA app, [MuniMobile](#), can save 25 cents per trip. A single ride fare on Muni is good for 90 minutes of travel, whether it be on a single route or a trip with multiple transfers across buses and light rail.

For more details visit <https://www.sfmta.com/getting-around/transit/fares-passes/single-rides-transfers>.

Other Transportation to AT&T Park

Taxi Service

Transbay Service

Event participants can also take a ferry to AT&T Park:

- From Oakland , Alameda and Vallejo, please visit <http://sanfranciscobayferry.com>
- From Larkspur/Marin County, please visit <http://www.goldengateferry.org>

Ferry will depart promptly 30 minutes after the final out.

For directions going to AT&T Park by various means of transportation, please visit the Giants website at <http://sanfrancisco.giants.mlb.com>.

For regional transit information for BART, Caltrain and the ferries as well as traffic, please visit www.511.org.

Special Event Parking Rates

During baseball games and other events at AT&T Park, parking meters close to the ballpark will charge a special event rate of \$7 per hour. These rates help make more parking spots available in South Beach and Mission Bay and help reduce congestion by discouraging circling for free or cheap parking near the ballpark.

For more information and a map of the special event rate area, please visit <https://www.sfmta.com/getting-around/drive-park/demand-responsive-pricing/event-pricing-evening-metering>.

Sunday Parking

On Sunday, August 26, parking meters in the Special Event Zone near AT&T Park will be enforced.

Garage Parking

If public transit is not a preferred option to attend the event, participants may consider parking in the city's garages at Moscone Center Garage located at 255 3rd Street or at Fifth & Mission Parking Garage located at 833 Mission Street. Both garages are about 15-20 minute walk from AT&T Park. Parking at these garages will be available in the afternoon and evening on most days. Rates listed are per hour:

CONSTRUCTION WORK AND OTHER UPDATES

UPDATE: Twin Peaks Tunnel Improvements Project

Saturday, August 25: Twin Peaks Tunnel to Reopen On Schedule this Saturday.

After two months of construction, the 100 year-old Twin Peaks Tunnel project plans to reopen on schedule this weekend. Crews are finalizing work and **the K, L and M** trains will resume running through the tunnel on **Saturday morning**. **The Nx** will resume service on **Monday, August 27**.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Twin Peaks Tunnel Improvements Project *continued*

The tunnel's infrastructure, including the tracks, walls and drainage systems were updated to keep up with the demands of the Muni system. With new tracks, the tunnel's previous speed restriction will be lifted and will keep trains running reliably through the system. Seismic reinforcements and fire safety enhancements were done to better protect the tunnel's overall structure and stability.

Last but not least, four new track crossovers were installed in the tunnel that allow the train to switch from one track to the other during service delays and can assist improving overall train operations by adding flexibility.

Later this summer/fall after the tunnel is operational again, there will be two more planned weekend overnight closures to West Portal, Forest Hill, Castro and Church stations. These closures will be at night. Closures will be scheduled from approximately 11:59 p.m. to 8:00 a.m. on two Friday/Saturday and Saturday/Sunday nights, still to be determined. Bus shuttles will be provided while these additional electrical upgrades are done.

For more information, visit SFMTA.com/TwinPeaks.

UPDATE: Van Ness Improvement Project

The Van Ness Improvement Project is a civic improvement project that will bring San Francisco's first Bus Rapid Transit system. To maximize the benefits of construction, the City will also be replacing major utilities including water, sewer and emergency firefighting water systems. Work will also be done to repave Van Ness Avenue, enhance streetlights and landscaping, and install new sidewalk lighting and rain gardens.

Traffic lanes on Van Ness Avenue have been shifted to create two construction zones for upcoming utility work. Because some of this work requires reducing Van Ness Avenue to one lane in each direction, some work is limited to nighttime hours.

In the early hours of Thursday, August 23, traffic lanes on Van Ness Avenue, between Jackson and Sutter streets, will shift slightly in order to make room for construction. Drivers are advised to exercise extra caution when traveling on Van Ness. New construction zones will be created and fencing is expected to be installed on the east side of these blocks between Thursday, August 23, and Saturday, August 25.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Van Ness Improvement Project *continued*

Friday, August 24, between the hours of 8 p.m. and 7 a.m.:

- **On Vallejo Street:** Crews are scheduled to perform water work.
- **From Geary to O'Farrell streets:** Crews are scheduled to work on updating the emergency firefighting water system. Disruptive noise is expected.
- **From McAllister to Market streets:** Crews are scheduled to pothole to confirm underground utilities for upcoming sewer work.

Neighbors are advised to anticipate construction-related noise as crews work diligently to complete necessary night work.

For more project details and the latest construction updates, please visit sfmta.com/vanness.

UPDATE: Central Subway Project

Construction of the 4th and Brannan streets surface station platform is ongoing. Until further notice, traffic reroutes will remain in effect.

Sewer replacement work continues Monday through Friday, from 8 p.m. to 5 a.m. at 4th and Howard streets. Two through lanes are in place southbound 4th Street. Westbound traffic on Howard Street may be impacted.

One lane on the south side of Ellis Street is open at all times for eastbound traffic. The parking garage between Ellis and O'Farrell is accessible on the north side of Ellis Street. Street and sidewalk restoration work continues on the north side of the intersection of Ellis and Stockton streets, as well as on O'Farrell east of Stockton.

Washington Street between Stockton Street and Trenton Alley is under a long-term temporary closure to vehicular traffic as station construction continues. Pedestrian access to Washington Street between Stockton Street and Trenton Alley remains open. The pedestrian walkway scaffolding along the west side of Stockton Street south of Washington Street may be disassembled in the coming weeks, Pedestrian access through this area will be temporarily rerouted.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Central Subway Project *continued*

The Central Subway project is the first underground line to link the north and south corridors of the city, and will provide a direct connection to major retail, sporting and cultural venues while efficiently transporting people to jobs, educational opportunities and other amenities throughout San Francisco.

For project updates, please visit: <https://www.sfmta.com/projects-planning/projects/central-subway-project>.

ONGOING: UCSF Mission Bay Arena Platform Project

In anticipation of the new Golden State Warriors' Chase Center and growth in the Mission Bay, the SFMTA is constructing a new center platform along 3rd Street between South and 16th streets. This new, larger platform will service both inbound and outbound trains and greatly expand transit capacity in preparation for large crowds.

Construction work is ongoing, with decommission of the Muni platform planned for as early as November and a new platform anticipated to be completed and in service in early summer of 2019. Bus substitutions will serve the T-Third line during parts of construction.

For project updates and to sign up for email updates, visit: <https://www.sfmta.com/projects/ucsf-mission-bay-arena-platform-upgrade>.

ONGOING: Construction of Mission Bay Loop

The SFMTA has resumed construction on 18th, 19th and Illinois streets, the project is expected to be completed in late 2018.

The Mission Bay Loop is a key component for San Francisco's T Third rail line and is critical to operating the T Third Central Subway service plan. The loop provides turn-around capabilities for the T Third Street light rail line via a connection of trackway from 3rd Street to 18th, Illinois and 19th streets, which will allow the SFMTA to operate the necessary service levels needed to support current and planned growth within the eastern portion of San Francisco.

Traffic, including travelling by bike, may be affected by the construction work. All work areas will be clearly marked and there will be flaggers to help direct traffic.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

ONGOING: Construction of Mission Bay Loop *continued*

In order to conduct the work, parking on both sides including along the historical Crane Cove Park fence (east side of Illinois Street) will be removed 24 hours, 7 days a week from 18th to 19th and Illinois streets for the duration of the project.

Traffic lanes traveling both north and south will remain open and there will be flaggers posted to help direct traffic. The northbound bike lane will be converted to a shared roadway. Expect minor delays when traveling around and through the construction area.

Local access to properties along the project site will be maintained. Sewer work is scheduled to be completed by summer 2018.

For project details or to sign up to receive project updates, please visit:
<https://www.sfmta.com/missionbayloop>.

Upcoming Construction

Howard Street Closure

Tuesday, September 11 through Sunday, September 30: Howard Street between 3rd and 4th streets will be closed to vehicular traffic from 6 a.m., Tuesday, September 11 through 8 p.m, Sunday, September 30. This closure encompasses the Global Climate Action Summit, Moscone Center construction work and the annual closure for the Salesforce conference at Moscone, Dreamforce.

Heavier than normal traffic should be anticipated throughout the closure period from 2nd to 4th streets between Market and Harrison streets. Vehicular and bicycle detours will be posted.

Additional details on the conferences can be found at: <http://globalclimateactions summit.org>; and <https://www.salesforce.com/dreamforce/>.

Upcoming Construction *continued*

Third Street Bridge Rehabilitation Project

Monday, September 17 through January 2020: Crews will begin Phase Two of the Third Street Bridge Rehabilitation Project.

During the course of rehabilitation work, the bridge will be lowered and locked in the down position. For a major part of the 15-month construction duration, the bridge will remain accessible to vehicles, pedestrians and bicyclists. Over the course of the project, there will be some instances where a full short-term bridge closure will be required to gain access to areas underneath the bridge or to safely install scaffolding above the roadway.

Traffic disruptions during general rehabilitation work should be expected to be less intrusive than full long-term bridge closures. Motorists are advised to plan and allow additional travel time or use alternate routes during the rehabilitation work to reach their destination. General work hours will be from 7 a.m. to 5 p.m., Monday through Friday.

During the course of rehabilitation work, access for watercraft traffic under the bridge will be limited to kayaks or other vessels that can safely pass below the closed bridge. The bridge will not be raised for the duration of this phase.

Vehicle, bicycle and pedestrian traffic across the bridge will be maintained during the rehabilitation work, except for the instances where a full bridge closure is required. Motorists are advised to be aware that travel lanes may be restricted or altered during different phases of rehabilitation work on the bridge. More information about the phasing and sequencing of the work will be provided as it gets closer to the start of construction.

Construction scheduling is subject to change due to weather delays, equipment problems and/or unforeseen field conditions.

For more project details, visit <http://www.sfpublicworks.org/thirdstreetbridge>.

Upcoming Events

Critical Mass

Friday, August 31: The Critical Mass bicycle ride will begin at Embarcadero Plaza (formerly Justin Herman Plaza) at 6 p.m.

There will be heavy traffic in the area. Motorists are advised to allow extra travel time.

Labor Day Holiday Muni Service. Parking Will Be Enforced

Monday, September 3 (Labor Day Holiday), Muni will operate on a [Sunday schedule](#). The 76X Marin Headlands Express Muni bus will be in service. See below for more information.

Parking meters and seven-day street sweeping will be enforced citywide on the holiday. Residential parking permits and Monday-Friday daytime street sweeping and commuter towaway will not be enforced.

Vehicles creating a hazard and/or an unsafe condition (i.e. double parking, blocking a bike lane, blocking driveways, blocking crosswalks, fire hydrants, etc.) are subject to receiving citations and can possibly be towed.

Note: Parking meters in the City are enforced Monday through Saturday **with the exception of the following areas where parking meters are enforced seven days per week throughout the year except Thanksgiving Day, Christmas Day and New Year's Day:**

- Parking meters in the Fisherman's Wharf area
- On and near The Embarcadero roadway
- In the Special Event Area around AT&T Park
- Five metered off-street parking facilities listed below:
 - 8th Avenue at Clement Street
 - 9th Avenue at Clement Street
 - Geary Boulevard at 21st Avenue
 - 18th Avenue at Geary Boulevard
 - Pierce Street Garage (between Lombard and Chestnut streets)
